### **FEEDBACK**

The Entrepreneurship and Social Empowerment program received overwhelmingly positive feedback, highlighting its significant impact on participants. Attendees expressed appreciation for the well-structured content that seamlessly integrated entrepreneurship principles with social empowerment concepts. Dr. S.L. Arjun Kumar, the resource person from Palmira University, was lauded for his insightful keynote address, providing a comprehensive understanding of the symbiotic relationship between entrepreneurship and social change. In conclusion, the Entrepreneurship and Social Empowerment program received acclaim for its holistic approach, impactful content, and the inspiration it provided for attendees to actively engage in entrepreneurship for positive social change. The positive feedback underscores the program's effectiveness in promoting a transformative mindset among participants.

### FEEDBACK

The Two Day Talk on "Higher Education Challenges and Responses" garnered highly positive feedback from participants, reflecting the significance of the discussions. Attendees commended the event for addressing pressing issues within higher education, providing a comprehensive overview of challenges and innovative responses. K.Gopi Krishna, 5G Tech Solutions Pvt Ltd, the resource person, was praised for his expertise and engaging delivery, offering valuable insights into potential solutions. The interactive nature of the session facilitated meaningful discussions among faculty and students. Participants expressed appreciation for the relevance of the topics discussed, including technological integration, pedagogical advancements, and strategies for inclusivity. The event sparked a renewed commitment to addressing these challenges collectively and proactively. Feedback highlighted the practicality of the proposed responses, inspiring attendees to consider their application within the institutional context. Many participants expressed a desire for continued discussions and workshops to delve deeper into specific aspects raised during the talk.

**CIRCULAR**

Dear All MTCET

Subject: One Day Workshop on "Role of Intellectual Property Rights on Trademarks" on 27/08/2021.

This circular serves to inform all faculty and students of MTCET that the Intellectual Property Rights and its Protection Department is organizing a One Day Webinar on the "Role of Intellectual Property Rights on Trademarks." The webinar will take place on 27/08/2021 from 11:00 AM to 1:00 PM in the Seminar Hall.

Dr. A. Satish, with his extensive knowledge, will provide valuable insights into the protection and significance of trademarks in various domains.

## FEEDBACK

The One Day Webinar on the "Role of Intellectual Property Rights on Trademarks" received overwhelmingly positive feedback, indicating its significance among participants. Dr. A. Satish's expertise and engaging presentation style were widely commended, making complex concepts accessible to a diverse audience. Feedback highlighted the relevance of the webinar's content, emphasizing its applicability across various disciplines and industries. Participants found value in the real-world examples and case studies, which enhanced their comprehension and practical knowledge. Overall, the feedback suggests that the webinar successfully met its objectives of raising awareness about the crucial role of intellectual property rights in protecting trademarks. Participants left with enhanced knowledge and a renewed appreciation for the importance of trademarks in fostering innovation, creativity, and legal protection in a competitive global landscape.

### About the Institution:

Mother Theresa College of Engineering & Technology (MTCET) was established in the year 1999. It has a well-planned campus with pollution free environment. It is located at Peddapalli, Telangana State, India. MTCET has emerged as a pioneer venture in the field of Technological Education, one of the most well-organised institutions in Telangana District. Aesthetically built buildings, well-furnished lecture halls, library, workshop, computer labs, Internet facility, Seminar Hall, laboratories and spacious playground, indoor and outdoor sports facilities, associated hostels and canteen in the campus, offer an ideal environment for pursuit of a professional career. MTCET has proven to be a turning point in the lives of many students, the place where many success stories begin.

## **FEEDBACK**

The MSME Entrepreneurship Development Program received commendable feedback from participants, reflecting its impactful contributions to entrepreneurial skill development. Attendees praised the expert sessions for their depth, covering essential aspects of MSME entrepreneurship, including business planning, financing strategies, and effective marketing. The interactive workshops were particularly well-received, providing hands-on experiences and practical insights into financial management and sustainable business practices. Participants valued the networking opportunities, expressing gratitude for the chance to connect with peers, mentors, and industry professionals. The program's emphasis on resource access was highlighted as a key strength, empowering participants with valuable tools and support networks crucial for their entrepreneurial journey. Overall, the positive feedback underscores the program's success in equipping aspiring entrepreneurs with the knowledge and skills needed to thrive in the dynamic landscape of MSMEs, fostering a spirit of innovation and sustainable business practices.

**ABOUT INSTITUTE:**

Trinity College of Engineering & Technology, Karimnagar has been structured to take head on the changing trends of technology. The idea of setting up the college emerged when no other college could cater to the needs of a student in his/her endeavor to acquire wholesome education. The very strength of Trinity lies in its principles of providing the right learning environment for the student who does not have to compromise throughout the learning process of becoming global citizen. Over the years since it was established, there has been dynamic progress at Trinity in all academic and research activities, and a parallel improvement in facilities and infrastructure, to keep it on par with the best institutions in India.

**About the Workshop**

- Intellectual property rights have great importance in the growth of a country. Intellectual property law is different in all countries.
- In many developed countries, the strict enforcement of the IPR role has a huge contribution to economic growth. IPR promotes innovation which leads to economic growth.
- To provide exclusive rights to the protect the interest of the creator and encourage investment in research and information creation.

**Who can attend?**

Undergraduate, postgraduate students and Faculties of various Institutions.

## FEEDBACK

The workshop on the "Role of Intellectual Property Rights (IPR) in a Global Economy: Challenges and Issues" was an enriching experience, offering profound insights into the intricate world of IPR. Dr. G. Mahender's expertise illuminated the complexities and nuances of IPR within the global economic context. Participants lauded the workshop's interactive nature, facilitating engaging discussions on pressing challenges. The Q&A session provided a platform for in-depth queries, clarifying misconceptions and deepening understanding. Attendees left with a heightened awareness of IPR's pivotal role in the global economy, equipped with strategies to navigate challenges. The workshop succeeded in fostering a collaborative environment, enabling participants to envision the intersection of innovation, commerce, and intellectual property on a global scale. The positive feedback underscores the workshop's impact, contributing to the participants' professional growth and reinforcing the importance of IPR in the dynamic landscape of the global economy.

### PROGRAMME REPORT

**NAME OF THE PROGRAMME** : ROLE OF INTELLECTUAL PROPERTY RIGHTS  
(IPR) IN A GLOBAL ECONOMY: CHALLENGES  
AND ISSUES

**DATE** : 22/11/2021

**RESOURCE PERSON** : Dr.G.Mahender

**PROGRAMME OBJECTIVE** :

Intellectual property rights (IPR) refers to the legal rights given to the inventor or creator to protect his invention or creation for a certain period of time

**TOPIC COVERED** :

IP rights are essential because they provide inventors the incentive to keep innovating and benefitting from their inventions

**PROGRAMME OUTCOME** :

- Deeper understanding of the significance of intellectual property rights in a globalized economy.
- Identification and awareness of challenges and issues in international intellectual property protection.
- Insights into the impact of globalization and digitalization on IPR enforcement.
- Enhanced dialogue and collaboration among stakeholders in the global intellectual property landscape.
- Proposed strategies and solutions for addressing challenges in global IPR protection.

## FEEDBACK

The awareness program for the DIC (District Industries Centre) schemes is commendable, providing a comprehensive framework to enhance understanding and participation. The program effectively disseminates information, ensuring stakeholders are well-informed about the diverse schemes available. The content is structured to cover key aspects, including eligibility criteria, application procedures, and the benefits offered by each scheme. The feedback mechanism incorporated into the program is pivotal for continuous improvement. Regular surveys and feedback sessions allow participants to express their thoughts, enabling organizers to gauge the program's effectiveness and address any concerns promptly. This iterative feedback loop contributes to the program's adaptability and responsiveness to the evolving needs of the community. Overall, the awareness program on DIC schemes stands as a well-structured and inclusive initiative, fostering informed participation and contributing to the socio-economic development of the region.

 PEDDAPALLI-505 174.

### About the Institution:

Mother Theresa College of Engineering & Technology (MTCET) was established in the year 1999. It has a well-planned campus with pollution free environment. It is located at Peddapalli Telangana State, India. MTCET has emerged as a pioneer venture in the field of Technological Education, one of the most well-organised institutions in Telangana. District. Aesthetically built buildings, well-furnished lecture halls, library, workshop, computer labs, Internet facility, Seminar Hall, laboratories and spacious playground, indoor and outdoor sports facilities, associated hostels and canteen in the campus, offer an ideal environment for pursuit of a professional career. MTCET has proven to be a turning point in the lives of many students, the place where many success stories begin.

### MOTHER THERESSA COLLEGE OF ENGINEERING AND TECHNOLOGY

### One Day Workshop On

### Self Entrepreneurship Development and Their Success

Resource Person: Dr. Priyadarshini

Date: 27/01/2022

### About the Seminar:

Self Entrepreneurship Development and Their Success is a comprehensive program designed to empower individuals in cultivating the skills and mindset essential for entrepreneurial success. This initiative focuses on fostering self-reliance, innovation, and resilience, equipping participants with the tools necessary to navigate the dynamic landscape of entrepreneurship.

## **FEEDBACK**

"Self Entrepreneurship Development and Their Success" is a comprehensive program designed to empower individuals in cultivating the skills and mindset essential for entrepreneurial success. This initiative focuses on fostering self-reliance, innovation, and resilience, equipping participants with the tools necessary to navigate the dynamic landscape of entrepreneurship. Feedback from participants consistently highlights the program's effectiveness in instilling confidence, enhancing creativity, and fostering a proactive entrepreneurial mindset. Success stories emerge as participants translate their acquired knowledge into tangible achievements, launching successful ventures, and contributing to economic growth. The program not only serves as a catalyst for personal and professional development but also cultivates a community of like-minded individuals who continue to support each other on their entrepreneurial journeys. Overall, "Self Entrepreneurship Development and Their Success" stands as a transformative program, paving the way for individuals to realize their entrepreneurial aspirations and make a lasting impact on the business landscape.

### PROGRAMME REPORT

**NAME OF THE PROGRAMME** : SELF ENTREPRENEURSHIP DEVELOPMENT  
AND THEIR SUCCESS

**DATE** : 27/01/2022

**RESOURCE PERSON** : Dr.Priyadarshini

**PROGRAMME OBJECTIVE** :

Entrepreneurship is the process of designing, launching, and running a new business

**TOPIC COVERED** :

Participants delve into ideation and business planning, gaining insights into effective marketing strategies and financial management. The curriculum emphasizes adaptability, nurturing resilience in the face of challenges. Workshops explore hands-on experiences, enhancing problem-solving skills.

**PROGRAMME OUTCOME** :

- **Entrepreneurial Mindset:** Cultivating resilience and innovation.
- **Business Ideation:** Generating viable business ideas and creating comprehensive plans.
- **Skill Acquisition:** Developing practical business skills in marketing, finance, and management.
- **Start-up Success:** Launching and sustaining participant-led startups.
- **Networking:** Building a collaborative entrepreneurial network for mutual success.

### CIRCULAR

We are pleased to inform you that the Research and Development department is organizing a One Day Talk on "Research Methodology and Data Analysis" to enhance our understanding of crucial aspects in the field. The details are as follows:

**Date** : 28/01/2022

**Time** : 11:00 AM to 01:00 PM

**Venue** : Seminar Hall

**Resource Person:** Dr. Ramulu Bhukya, Ph.D. (UOH)

Dr. Ramulu Bhukya, an esteemed expert in the field, will be sharing insights and knowledge on advanced research Methodologies and data analysis techniques. This event is a valuable opportunity for both faculty and students to deepen their understanding and refine their research skills.

## **FEEDBACK**

The "Research Methodology and Data Analysis" program received overwhelmingly positive feedback from participants, affirming its role as a valuable resource in enhancing research skills. Attendees praised the program for its comprehensive coverage of research methodologies and data analysis techniques, citing its relevance across diverse academic disciplines. The sessions on research design, data collection, and analysis methods were particularly well-received, providing participants with a solid foundation for designing robust research projects. The practical insights shared by expert facilitators resonated with attendees, making complex concepts accessible and applicable to their respective research endeavors. The hands-on workshops and interactive discussions allowed participants to actively engage with the material, fostering a deeper understanding of statistical tools and data interpretation techniques. Many participants expressed gratitude for the clarity with which advanced statistical methods were explained, demystifying complex statistical analyses. The program's organization and facilitation received commendation, with participants noting the seamless flow of topics and the availability of resources for further learning. The interactive nature of the program not only facilitated knowledge transfer but also created a collaborative environment for networking and idea exchange among participants.

## PROGRAMME REPORT

**NAME OF THE PROGRAMME** : RESEARCH METHODOLOGY AND DATA ANALYSIS

**DATE** : 28/01/2022

**RESOURCE PERSON** : **Dr.Ramulu Bhukya**

**PROGRAMME OBJECTIVE** :

Help participants to organize primary sources into an effective argument. Help students overcome anxiety of “getting it right the first time” when it comes to Organizing and writing a research paper.

**TOPIC COVERD** :

Writing Workshop is an instructional practice designed to help participants to become confident and capable writers.

**PROGRAMME OUTCOME** :

- **Research Proficiency:** Participants develop advanced research skills, formulating precise questions, designing robust methodologies, and conducting empirical studies.
- **Data Management:** Improved competence in collecting and organizing diverse data types ensures accuracy.
- **Analytical Capability:** Enhanced proficiency in quantitative and qualitative data analysis techniques enables participants to derive meaningful insights.
- **Publication and Dissemination:** Participants contribute to scholarly work, producing publishable research and effectively disseminating findings.
- **Applied Research Impact:** The program ensures practical application of research methodologies and data analysis techniques to solve real-world problems, showcasing its relevance and impact.

**ABOUT INSTITUTE:**

Trinity College of Engineering & Technology, Karimnagar has been structured to take head on the changing trends of technology. The idea of setting up the college emerged when no other college could cater to the needs of a student in his/her endeavor to acquire wholesome education. The very strength of Trinity lies in its principles of providing the right learning environment for the student who does not have to compromise throughout the learning process of becoming global citizen. Over the years since it was established, there has been dynamic progress at Trinity in all academic and research activities, and a parallel improvement in facilities and infrastructure, to keep it on par with the best institutions in India.

**OBJECTIVE OF THE PROGRAMME:**

Using blockchain to store data collected by IoT networks would add another layer of security, making it more difficult for hackers to gain access. The blockchain also provides a more robust level of encryption, where it is virtually impossible to overwrite existing records. For IoT safety, the blockchain is able to monitor the information collected by the sensors, without allowing them to be duplicated by any wrong data. Sensors can also transfer data using Blockchain technology, without the need for a trusted third party. Organizations can use cryptography to secure communication channels. For example, developers can use the cryptographic protocol Transport Layer Security for secure communications. They can also use cryptography for encrypting and decrypting the data within the IoT ecosystem, using one of the various available options.

**Who can attend?**

Students from the Undergraduate, post-graduate, and Faculties of various institutions

Subject: Modern Research in Cryptography: Black Chain and IOT Security Seminar  
Dear Members,

We are delighted to announce a special seminar on "Modern Research in Cryptography: Black Chain and IOT Security" organized by Trinity College in collaboration with Mother Theresa College. The details are as follows:

**Date:** 08/02/22

**Time:** 11.0AM TO 1.00PM

This seminar aims to explore cutting-edge research in cryptography, focusing on Black Chain and IOT security. Renowned experts in the field will share insights, fostering a deeper understanding of emerging technologies. We encourage active participation from both faculty and students to make this event a success.

## **FEEDBACK**

The "Modern Research in Cryptography: Black Chain and IoT Security" seminar received commendable feedback, reflecting its significance in advancing knowledge in the field of digital security. Attendees expressed appreciation for the comprehensive coverage of cutting-edge research, praising the program's relevance to the evolving landscape of cryptography, Black Chain, and IoT security. The resource persons' presentations were a highlight, with participants noting the depth of insights and expertise shared. The seminar's emphasis on innovative cryptographic protocols tailored for Black Chain environments and the intricate security challenges posed by the Internet of Things resonated well with the audience. Networking opportunities were a significant positive, enabling participants to connect with experts, researchers, and peers passionate about cryptography and security. Many attendees expressed satisfaction with the event's organization, applauding the seamless execution and timely scheduling of presentations.

## PROGRAMME REPORT

**NAME OF THE PROGRAMME** : Modern Research in Cryptography: Black Chain and IOT Security

**DATE** : 08/02/2022

**RESOURCE PERSON** : Dr.Suresh

**PROGRAMME OBJECTIVE** :

Through innovative approaches, it aims to fortify the foundations of digital trust, providing a secure framework for the evolving landscape of black chain technology and the Internet of Things.

**TOPIC COVERED** :

The research program on Cryptography, Black Chain, and IOT Security delves into multifaceted topics at the Intersection of cutting-edge cryptographic techniques, black chain technologies and the security challenges Posed by the Internet of Things (IOT).

**PROGRAMME OUTCOME** :

Dissemination of research findings through publications, conferences, and workshops. Contribution to educational initiatives to raise awareness about the importance of cyber security in IoT and block chain technologies. For the most accurate and recent information, please refer to the official documentation, publications, or announcements related to the "Black Chain" program or any specific research initiative you are interested in.

### About the Institution:

Mother Theresa College of Engineering & Technology (MTCET) was established in the year 1999. It has a well-planned campus with pollution free environment. It is located at Peddapalli Telangana State, India. MTCET has emerged as a pioneer venture in the field of Technological Education, one of the most well-organised institutions in Telangana. District. Aesthetically built buildings, well-furnished lecture halls, library, workshop, computer labs, Internet facility, Seminar Hall, laboratories and spacious playground, indoor and outdoor sports facilities, associated hostels and canteen in the campus, offer an ideal environment for pursuit of a professional career. MTCET has proven to be a turning point in the lives of many students, the place where many success stories begin.

## FEEDBACK

The "Entrepreneurship and Small Business Development" seminar organized by MTCET received overwhelmingly positive feedback from participants, reflecting the program's impactful and insightful nature. Attendees expressed gratitude for the valuable knowledge shared by Dr. Suresh, the resource person, highlighting his expertise in guiding aspiring entrepreneurs. Participants praised the seminar's comprehensive coverage of key entrepreneurial topics, including business strategy formulation, financial management, and navigating challenges in small business development. Dr. Suresh's engaging presentation style and real-world examples resonated well with the audience, making complex concepts accessible and relatable. The interactive sessions provided a forum for meaningful discussions, allowing participants to clarify doubts and seek advice on specific entrepreneurial challenges. Many attendees noted the practical relevance of the content, emphasizing its applicability to real-world business scenarios.

## PROGRAMME REPORT

**NAME OF THE PROGRAMME** : ENTREPRENEURSHIP AND SMALL BUSINESS DEVELOPMENT

**DATE** : 30/06/2022

**RESOURCE PERSON** : Suresh (IDE KALAM TECHNOLOGIES)

**PROGRAMME OBJECTIVE** :

Entrepreneurship is frequently credited as a major driver of economic growth, spurring transformation, the creation of new markets, innovation.

**TOPIC COVERD** :

The session will encompass discussions on crafting effective business strategies, navigating challenges in small business development, understanding market dynamics, and fostering innovation.

**PROGRAMME OUTCOME** :

- **Increased Business Startups:** The program aims to boost entrepreneurship, leading to a noticeable rise in new startups, showcasing its success in cultivating innovation.
- **Job Creation:** Focused on generating employment opportunities, the program contributes to local economic development by fostering successful entrepreneurship.
- **Enhanced Financial Access:** The program improves small business owners' access to resources, fostering financial sustainability.
- **Entrepreneurial Skill Advancement:** The program focuses on measurable enhancements in entrepreneurial skills, ensuring participants demonstrate effective business management practices and strategic decision-making capabilities.
- **Market Expansion and Revenue Growth:** Small businesses supported by the program experience tangible market expansion and revenue growth, illustrating the program's impact on facilitating sustainable business development.
