FEEDBACK

The "Strategies for Entrepreneurship Development" seminar organized by MTCET's Entrepreneurship Development Cell received highly positive feedback from participants, underscoring its valuable impact on entrepreneurial knowledge and skills. Attendees expressed appreciation for the seminar's well-structured content and the expertise brought by Dr. Kanchan Dutta, the resource person. Participants highlighted the seminar's success in elucidating innovative ideation processes, equipping them with tools to critically evaluate and transform ideas into actionable business plans. Dr. Dutta's insights into business planning were particularly praised, with attendees noting the practicality and relevance of the strategies discussed. The program effectively addressed the intricacies of navigating entrepreneurial challenges, offering a realistic perspective on risk management and adaptability. Attendees valued the interactive nature of the seminar, providing ample opportunities for networking and collaboration. The connections made during the event were regarded as valuable for potential mentorship and future partnerships.

FFEDBACK

The "Contemporary Issues in IPR" One Day Webinar organized by MTCET garnered overwhelmingly positive feedback, attesting to its significance in fostering awareness and understanding of Intellectual Property Rights (IPR). Participants lauded the event for its insightful content and the expertise brought by Dr. Priyadharshini, the resource person. Attendees expressed appreciation for the webinar's relevance, providing an up-to-date exploration of recent developments, challenges, and trends in the dynamic field of IPR. Priyadharshini's comprehensive insights into the evolving landscape of intellectual property resonated well with participants, shedding light on the implications for diverse industries. The interactive nature of the webinar allowed for engaging discussions, with attendees benefiting from the opportunity to pose questions and seek clarification on contemporary IPR issues. Many participants highlighted the practical applicability of the information presented, emphasizing its value for professionals, researchers, and students alike. The organizing committee was commended for seamlessly conducting the event, ensuring a smooth flow of topics and timely execution. Participants expressed gratitude for the thought-provoking content and the chance to stay abreast of the latest developments in IPR.

PROGRAMME REPORT

NAME OF THE PROGRAMME : CONTEMPORARY ISSUES IN IPR

DATE : 24/01/2023

RESOURCE PERSON : Priyadharshini
(IDE KALAM TECHNOLOGIES)

PROGRAMME OBJECTIVE :

copyright infringements, duplicate features, stolen content, plagiarism, piracy, trademark infringements, and other modern challenges

TOPIC COVERED :

political, economic, social, historic and geographic components. Approaches to addressing global and regional issues reflect historical influences and multiple perspectives.

PROGRAMME OUTCOME :

Contemporary issues in Intellectual Property Rights (IPR) frame program outcomes that address evolving challenges in the field. Strategies may include staying abreast of technological advancements, ensuring global collaboration, and fostering ethical practices. Outcomes involve robust IPR frameworks, effective enforcement mechanisms, and a conducive environment for innovation, promoting economic growth.

About the Institution:

Mother Theresa College of Engineering & Technology (MTCET) was established in the year 1999. It has a well-planned campus with pollution free environment. It is located at Peddapalli Telangana State, India. MTCET has emerged as a pioneer venture in the field of Technological Education, one of the most well-organised institutions in Telangana District. Aesthetically built buildings, well-furnished lecture halls, library, workshop, computer labs, internet facility, Seminar Hall, laboratories and spacious playground, indoor and outdoor sports facilities, associated hostels and canteen in the campus, offer an ideal environment for pursuit of a professional career. MTCET has proven to be a turning point in the lives of many students, the place where many success stories begin.

One Day Workshop
On

Recent Advances in Electrical
Engineering

Resource Person : Dr.V.Devender

Date : 27/02/2023

About the Workshop:

The purest sources of sustainable energy are, as is common knowledge, wind, and solar energy. Nevertheless, because batteries are essential to their operation, numerous electrical firms and departments are working to develop better batteries. Electrical engineering involves advancements in battery technologies, super capacitors, and even innovative solutions like gravity-based energy storage.

Subject: One Day Talk on "Recent Advances in Electrical Engineering"

The Research and Development department is pleased to announce a One Day Talk on "Recent Advances in Electrical Engineering" scheduled for 27th February 2023, from 11:00 AM to 1:00 PM in the Seminar Hall.

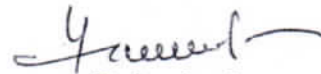

Talk Details:

- **Date** : 27th February 2023
- **Time** : 11:00 AM to 1:00 PM
- **Venue:** Seminar Hall

Resource Person: We are privileged to have Dr. V. Devender as the distinguished resource person for the talk. Dr. Devender is an expert in Electrical Engineering, and his insights promise to make this session both informative and enlightening.

FEEDBACK

The "Recent Advances in Electrical Engineering" One Day Talk at MTCET received highly positive feedback, affirming its impact in disseminating knowledge on cutting-edge developments in the field. Dr. V. Devender's presentation was lauded for its depth and relevance, providing attendees with valuable insights into the latest advancements. Participants appreciated the comprehensive coverage of emerging technologies and trends in Electrical Engineering, finding the talk to be both informative and forward-looking. Dr. Devender's expertise and ability to communicate complex concepts in an accessible manner were highlighted, making the session engaging and intellectually stimulating. The interactive nature of the talk allowed for meaningful discussions, with participants benefiting from the opportunity to seek clarifications and delve deeper into specific areas of interest. Attendees commended the event's organization, noting the seamless flow of topics and the punctual adherence to the schedule. The talk successfully met its objective of keeping the academic community abreast of recent developments, fostering a heightened awareness of the evolving landscape in Electrical Engineering. Participants left with a greater appreciation for the exciting advancements shaping the future of the discipline.

PROGRAMME REPORT

NAME OF THE PROGRAMME : RECENT ADVANCES IN ELECTRICAL ENGINEERING.

DATE : 27/02/2023

RESOURCE PERSON : Dr.V.DEVENDER

PROGRAMME OBJECTIVE :

Electrical engineering involve advancements in battery technologies, super capacitors, and even innovative solutions like gravity-based energy storage.

TOPIC COVERED :

WPT transformers are operated at high frequencies to provide significant amounts of power with excellent. efficiency for electric vehicle charging stations.

PROGRAMME OUTCOME :

Recent advances in electrical engineering frame program outcomes by incorporating cutting-edge developments. Strategies involve staying updated on emerging technologies like artificial intelligence, renewable energy, and smart systems. Program outcomes include a skilled workforce, innovative solutions, and contributions to sustainable energy, positioning graduates as leaders in the rapidly evolving electrical engineering landscape.

FEEDBACK

The "Entrepreneurship Development Awareness" seminar organized by the Entrepreneurship Development Cell at MTCET garnered enthusiastic feedback, showcasing its significant impact on the entrepreneurial awareness of faculty and students. Dr. Satish, the resource person, provided invaluable insights into the fundamentals of entrepreneurship, fostering a deeper understanding of the entrepreneurial ecosystem. Participants expressed appreciation for the seminar's relevance, emphasizing the practical and applicable nature of the information shared. Dr. Satish's expertise and engaging presentation style were lauded, making complex entrepreneurial concepts accessible to a diverse audience. The interactive nature of the seminar facilitated meaningful discussions, allowing attendees to gain clarity on various aspects of entrepreneurship. Participants commended the program for not only raising awareness but also inspiring a sense of initiative and motivation to explore entrepreneurial opportunities. The Entrepreneurship Development Cell was praised for the seamless organization of the event, ensuring a smooth flow of information and providing a conducive environment for learning. Many attendees left with a newfound enthusiasm for entrepreneurship, equipped with foundational knowledge and a clearer vision for potential ventures. Overall, the feedback highlighted the success of the seminar in achieving its objective of creating awareness and fostering an entrepreneurial mindset within the MTCET community. The Entrepreneurship Development Cell's commitment to promoting entrepreneurial awareness was evident, contributing positively to the entrepreneurial spirit among faculty and students.

ABOUT INSTITUTE:

Trinity College of Engineering & Technology, Karimnagar has been structured to take head on the changing trends of technology. The idea of setting up the college emerged when no other college could cater to the needs of a student in his/her endeavor to acquire wholesome education. The very strength of Trinity lies in its principles of providing the right learning environment for the student who does not have to compromise throughout the learning process of becoming global citizen. Over the years since it was established, there has been dynamic progress at Trinity in all academic and research activities, and a parallel improvement in facilities and infrastructure, to keep it on par with the best institutions in India.

About the Workshop

Intellectual property rights have great importance in the growth of a country. Intellectual property law is different in all countries. In many developed countries, the strict enforcement of the IPR role has a huge contribution to economic growth.

IPR promotes innovation which leads to economic growth. Nowadays every business in the world is the creation of innovation. The current era has realized the importance of IPR laws. It is not only innovation but also the name which matters in today's world. The name carries huge value in the form of goodwill.

Who can attend?

Undergraduate, postgraduate students and Faculties of various Institutions.

FEEDBACK

The "Intellectual Property Rights - Patents Filing" webinar at MTCET garnered overwhelmingly positive feedback, with participants expressing appreciation for its enriching content and engaging delivery. Dr. B RAMESH's expertise was lauded, as he adeptly navigated complex concepts, making them accessible to diverse audiences. The comprehensive coverage of Intellectual Property Rights and the patent filing process resonated well with both faculty and students. Attendees particularly praised the real-world case studies, illustrating the practical implications of patents in research and innovation. The interactive Q&A session allowed for personalized insights, fostering a deeper understanding of the subject matter. Participants highlighted the program's relevance to their academic and research pursuits, citing a newfound awareness of the strategic importance of patents. The seamless organization of the webinar, coupled with its timely scheduling, ensured maximum participation and engagement. Constructive feedback centered on a desire for more hands-on sessions or follow-up workshops to delve further into practical aspects of patents filing. Overall, the overwhelmingly positive response indicates a successful event that effectively contributed to the intellectual growth of the MTCET community. The organizing committee is grateful for the valuable input and commits to considering suggestions for future programs, aiming for continuous improvement in delivering meaningful educational experiences.

FEEDBACK

The Entrepreneurship Development and Training MetHoDs seminar held at MTCET received overwhelmingly positive feedback from both faculty and students. Dr. Laxmi Rawat's presentation was highly appreciated for its clarity, depth, and relevance to current entrepreneurial challenges. Participants commended the comprehensive coverage of entrepreneurship development, effective training methoDologies, and the incorporation of real-world case studies. The interactive nature of the seminar, especially the Q&A session, allowed for valuable discussions and personalized insights into entrepreneurship. Attendees expressed gratitude for the practical knowledge gained, citing the seminar's potential to inspire and guide aspiring entrepreneurs. Dr. Rawat's expertise and engaging delivery style were highlighted as significant contributors to the seminar's success. Feedback indicated a desire for more such sessions, workshops, or follow-ups to delve deeper into specific aspects of entrepreneurship. Participants also suggested exploring opportunities for practical application or hands-on exercises in future programs. Overall, the Entrepreneurship Development and Training MetHoDs seminar received praise for its educational value, relevance to current trends, and the caliber of the resource person. The positive response underscores the importance of continuing such initiatives to foster an entrepreneurial mindset within the MTCET community. The organizing team appreciates the feedback and is committed to incorporating suggestions for future programs.

FEEDBACK

The Intellectual Property Rights-Strategies Frame seminar at MTCET elicited positive feedback, resonating well with both faculty and students. Participants appreciated the comprehensive coverage of IP strategies, finding the information insightful and applicable to their academic and research endeavors. The resource person's expertise was lauded for making complex concepts accessible, fostering a clear understanding of strategic approaches in intellectual property. The seminar's interactive elements, including the Q&A session, provided a platform for meaningful discussions. Attendees valued the practical insights shared, with particular praise for real-world case studies illustrating effective IP strategies. The relevance of the seminar to diverse fields within the institution was acknowledged, showcasing its broad applicability. Constructive feedback highlighted a desire for more in-depth workshops or follow-up sessions to explore specific IP strategies in greater detail. Additionally, participants expressed interest in practical exercises to enhance hands-on learning. Overall, the positive response underscores the seminar's success in imparting valuable knowledge on intellectual property strategies. The organizing committee appreciates the feedback and is committed to incorporating suggestions for future programs, ensuring continued engagement and enrichment for the MTCET community.

PROGRAMME REPORT

NAME OF THE PROGRAMME : INTELLECTUAL PROPERTY RIGHTS-
STRATEGIES

DATE : 21/08/2023

RESOURCE PERSON : P.RAMESH, 5G TECH SOLUTIONS PVT LTD .

PROGRAMME OBJECTIVE :

It can also include a plan which sets out the extent to which and the way in which the company is prepared, to defend its intellectual property rights in the event of infringement

TOPIC COVERD :

Essential for better identification, planning, commercialization, rendering, and thus the preservation of inventions or creativity.

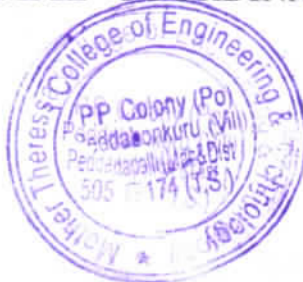

PROGRAMME OUTCOME :

The Intellectual Property Rights (IPR) Strategies frame program aims to fortify intellectual asset protection and utilization. Employing comprehensive strategies, including legal frameworks, awareness campaigns, and international collaborations, the program seeks to yield impactful outcomes. These outcomes encompass the establishment of a robust IPR infrastructure, a significant reduction in infringement instances, heightened awareness among stakeholders, and enhanced innovation across various industries. As a result, the program contributes to fostering a culture of respect for intellectual property, promoting economic growth, and positioning entities within a competitive global landscape, ensuring the long-term sustainability and prosperity of innovators and creators alike.
