## ABOUT THE COLLEGE

Mother Theresa College of Engineering & Technology (MTEC) was established in the year 1999. It has a well-planned campus with pollution free environment. It is located at Peddabonkur of Peddapalli district (Telangana). MTEC has emerged as a pioneer venture in the field of Technological Education, one of the most well organized institutions in Telangana District(s). Aesthetically built buildings, Well furnished, lecture halls, library, workshop, Computer labs, Internet facility, conference hall, Seminar hall, laboratories and spacious playground, Indoor and outdoor sports facilities, intramural-extra Curricular facilities, associated hostels and canteen in the campus, offer an ideal environment for pursuit of a professional career. MTEC has proven to be a turning point in the lives of many students, the place where many successes of stories begin.

## ABOUT THE DEPARTMENT

The department of Electronics & communication Engineering started right from the inception of the College in the year 1999. The primary objective of the Department has been to impart quality education, Training and research at the undergraduate in various areas of Electronics and Communication Engineering with broad emphasis on design aspects of electronic systems. The department presently offers UG Program B.Tech with an intake of 60.

ON

## WIRELESS SENSOR NETWORK AND INTERNET OF THINGS

DATE: 22/07/2019 TO 27/07/2019

PRINCIPAL,

MOTHER THERESSA

College of Engineering & Technology  
PEDDAPALLI-505 174.

### ABOUT THE FDP:

Wide spread application of wireless sensor network and IoT have created a demand for researchers and man power to work in the industry and academia, currently a reasonable number of students, faculty and researchers are working in the area of wireless sensor network and IoT. However, most of them lack proper training on carrying out research in this area due to unavailability of power guidance, infrastructure, simulation techniques and hands-on practice on running of simulators. Further, with the vision to have small cities, small home and other smart activity will result in demand for sensors and sensor networks.

### THE OBJECTIVE OF FDP:

The primary objectives of this proposed FDP are as follow : to provide basic knowledge about WSN and IoT to the students and faculty. To give hands –on training on network simulator(NS-2) To carry out research. To provide hands-on training on sensor network on real platform. To motivate towards future research and development in the area of WSN and IoT.

### TOPICS COVERED

- Wireless Sensor Network.
- Modeling of sensor network.
- Wireless communication.
- Wireless network security.

### Resource Person:

DEPARTMENT OF ELECTRONICS &  
COMMUNICATION ENGINEERING

A ONE WEEK FACULTY DEVELOPMENT  
PROGRAM

ON

VLSI DIGITAL SIGNAL PROCESSING

DATE: 16/09/2019 to 21/09/2019

MO. THERESA  
PRINCIPAL  
College of Engineering & Technology  
PEDDAPALLI-505 174.

#### ABOUT THE FDP:

VLSI Digital signal processing assumes importance from the point of view of wide spread use of digital signal processors for numbers of applications in various fields. Faculty members will be able to teach and guide students projects well both at B.Tech and M.Tech level in this area. Also this FDP will enable them to take up or carry on research work in this area.

#### THE OBJECTIVE OF FDP:

Learning the concepts of designing analog integrated circuits in the context of CMOS technology which enable to understand the operation of an analog CMOS circuit and to know how to change its performance.

#### TOPICS COVERED

1. MOS device and modeling;
2. Analog CMOS sub circuits
3. CMOS amplifiers
4. CMOS Operational amplifiers
5. comparators

#### LEARNING OUTCOMES

This FDP is to know the key subjects of MOSFET large-signal and small signal model to predict the performance of CMOS circuit. To visualize how sub circuits and amplifiers are used to design more complex analog circuits, such as op-amp. Learn the design procedures of different CMOS amplifier circuits. Design two stage op-amp with methods of compensation and to know how uncompensated two stage op-amp acts as open loop comparator.

#### Resource Person:

### PROGRAM REPORT

Date: 23-09-2019

Name of the program: "A one week faculty development program on Vlsi Digital Signal Processing"

Date: 16-09-2019 to 21-09-2019

Details of the program:

Details of resource person

Name	V SRIDHAR
Designation	Assistant Professor,ECE
Organization	Trinity College of engineering and technology, Bandarikunta, Peddapalli505172
Email id	Sridhar123@gmail.com
Contact number	9704046346

### ABOUT THE FDP:

VLSI Digital signal processing assumes importance from the point of view of wide spread use of digital signal processors for numbers of applications in various fields. Faculty members will be able to teach and guide students projects well both at B.Tech and M.tech level in this area. Also this FDP will enable them to take up or carry on research work in this area.

### THE OBJECTIVE OF FDP:

Learning the concepts of designing analog integrated circuits in the context of CMOS technology which enable to understand the operation of an analog CMOS circuit and to know how to change its performance.

  
PRINCIPAL  
MOTHER THERESSA  
College of Engineering & Technology  
PEDDAPALLI-505 174.

## TOPICS COVERED

1. MOS device and modeling:
2. Analog CMOS sub circuits
3. CMOS amplifiers
4. CMOS Operational amplifiers
5. comparators

### ABOUT THE COLLEGE

Mother Theresa College of Engineering & Technology (MTEC) was established in the year 1999. It has a well-planned campus with pollution free environment. It is located at Peddabonkur of Peddapalli district (Telangana). MTEC has emerged as a pioneer venture in the field of Technological Education, one of the most well organized institutions in Telangana District(s). Aesthetically built buildings, Well furnished, lecture halls, library, workshop, Computer labs, Internet facility, conference hall, Seminar hall, laboratories and spacious playground, Indoor and outdoor sports facilities, intramural-extra Curricular facilities, associated hostels and canteen in the campus, offer an ideal environment for pursuit of a professional career. MTEC has proven to be a turning point in the lives of many students, the place where many successes of stories begin.

### ABOUT THE DEPARTMENT

The department of humanities firmly believes in developing interpersonal communication between teachers and students as well as creating an environment that will synergistically link scientific development of the country.

### DEPARTMENT OF HUMANITIES AND SCIENCES

### A ONE WEEK FACULTY DEVELOPMENT PROGRAM

ON

### PRECEPTOR ETHICS REDEFINING VALUES IN EDUCATION

DATE: : 09/12/2019 TO 14/12-2019

  
MOTHER THERESA  
College of Engineering & Technology  
PEDDAPALLI-505 174.

#### ABOUT THE FDP:

This Faculty Development Program aims at building leadership awareness among participants and to simultaneously emphasize on value-based teaching. The usage of the term preceptor highlights the significance attributed to the changing role of the teacher. Teaching can no longer be one with a 'broad-brush' approach. The role of the teacher has assumed even more import in the wake of the noticeable and recent shifts in pedagogy, particularly in the aftermath of the Covid-19 pandemic. Knitting together the hitherto heritage-based learning process to the online learning mode so common today, the teacher always remains at the heart of the 'Guru-Shishya' relationship. Ethics and ethical norms are at the core of that relation, even as the Teacher is an integral catalyst of change.

#### THE OBJECTIVE OF FDP:

- To better understand conceptualization of education the
- To improve teaching effectiveness
- To enhance cultural sensitivity for being a more effective teacher

#### TOPICS COVERED

- Ethical Dilemmas in Teaching.
- Leadership through Awareness.

#### Resource Person:

Dr. S. N ARJUN KUMAR  
Professor, MBA  
Palamuru University.  
Phone No: 9492726289

## ABOUT THE COLLEGE

Mother Theresa College of Engineering & Technology (MTEC) was established in the year 1999. It has a well-planned campus with pollution free environment. It is located at Peddabonkur of Peddapalli district (Telangana). MTCT has emerged as a pioneer venture in the field of Technological Education, one of the most well organized institutions in Telangana District(s). Aesthetically built buildings, Well furnished, lecture halls, library, workshop, Computer labs, Internet facility, conference hall, Seminar hall, laboratories and spacious playground, Indoor and outdoor sports facilities, intramural-extra Curricular facilities, associated hostels and canteen in the campus, offer an ideal environment for pursuit of a professional career. MTEC has proven to be a turning point in the lives of many students, the place where many successes of stories begin.

## ABOUT THE DEPARTMENT

The Mining Engineering department was Established in the year 2012. Mining Department Is well equipped with Mining Engineering related Laboratories and other resources

Seal/Stamp Signature of Authority:

## ORGANIZING COMMITTEE:

### CHIEF PATRON:

Mr. A. Krishna (Secretary)

### PATRONS:

Mr. A. Naveen Kumar (Chairman)

Mrs. A. Navatha (Director)

Dr. T. Srinivas (Principal)

### CONVENER:

B BHARATH BABU

Head of the department, Mining  
Mother Theresa College Of Engineering And Technology

### CONVENER:

A KARTHIK

Assistant professor, Mining  
Mother Theresa College Of Engineering and Technology  
Mobile No: 70326700751

### COORDINATOR:

P PRSHANTH

Assistant professor Mining  
Mother Theresa College Of Engineering and Technology  
Mobile No: 9949770306

## A ONE WEEK FACULTY DEVELOPMENT PROGRAM

ON

## CARBON FOOTPRINT REDUCTION: ISSUES AND CHALLENGES

DATE: 08/11/2019 TO 12/11/2019

PRINCIPAL.

MOTHER THERESSA  
College of Engineering & Technology  
PEDDAPALLI - 505 174

### ABOUT THE FDP:

Human activities are one of the main causes of global warming. Burning of fossil fuels, land clearance, productions of goods & materials, buildings design, transportation and other services leads to greenhouse gas emissions. However, there are several ways to reduce carbon footprint, choosing more energy efficient design, using more energy Efficient household appliances, usage of fuel-efficient cars, use of renewable energy Resources etc. This FDP will cover practical and theoretical knowledge that is used to understand the mechanisms and applications of energy saving design and technology.

### TOPICS COVERED:

- Issues and Challenges in reducing Carbon Footprint
- Green building Design & Materials.
- Reduction of Carbon Footprint in Mineral Industry.
- Economics & Performance of Electric Vehicles.
- Solar Roof Top System as Clean Energy
- Green Computing.
- Carbon Footprints in Atmosphere and Ocean.
- Roof-top & Rain water harvesting.
- Wastewater Recycling.
- Green Policy and Auditing.
- Stress Management at Work Place

### **FDP OBJECTIVES:**

Strategic Procurement Management Training is a course that seeks to provide you with the ability to build management and strategic procurement abilities to increase value for money. It will allow you to evaluate the meanings and outcomes of the stages involved in developing an effective procurement plan.

### **OUTCOMES:**

An e-procurement tool paves the way for digital transformation in B2B transaction efficiency. As discussed above, the existing software benefits are positioned well to enable widespread e-procurement adoption
