About the College:
 Mother Theresa College of Engineering & Technology (MTEC) was established in the year 1999. It has a well-planned campus with pollution free environment. It is located at Peddabonkuru of Peddapalli district (Telangana). MTEC has emerged as a premier venture in the field of Technological Education, one of the most well-regarded institutions in Telangana (District). Architecturally built buildings, well furnished lecture halls, library, workshop, computer lab, seminar facility, conference hall, seminar hall, laboratory and spacious play ground, indoor and outdoor sports facilities, advanced extracurricular facilities, associated hostel and canteen in the campus, offer an ideal environment for pursuit of a professional career. MTEC has proven to be a turning point in the lives of many students, the place where many success stories begin.

About the Department:
 The Department of CSE was established in 2001 with an intake of 60 and subsequently increased to 120. The Department offers M.Tech program in computer science and engineering software engineering with an intake of 24 & 12. The department has experienced, qualified and committed faculty. Right from its inception it is continuously striving to impart quality education and competitive spirit among students for excellent career.

Program Content:
Descriptive Section OF FUNDAMENTALS OF INTERNET OF THINGS

- FUNDAMENTALS OF IOT
- IOT PROTOCOLS
- DESIGN AND DEVELOPMENT OF IOT
- DATA SOURCES AND SUPPORTING SERVICES
- CASE STUDIES OF IOT
- INDUSTRIAL APPLICATIONS OF IOT

***The main aim of the program is to focus on the latest developments in the IT sector and implementing student's ideas in case up with their own applications.

MTEC has emerged as a premier center in the field of Technological Education, one of the most well equipped institutions in Telangana (District).

Ample facilities include: well furnished lecture halls, library, workshop, computer lab, hostel facility, mess hall, seminar hall, laboratory and spacious play ground, indoor and outdoor sports facilities, mess-canteen, recreation facilities, medical centre and various other amenities. All the facilities are well equipped for the purpose of a professional center. MTEC has proved to be a learning zone in the lives of many students, the place where many careers of success begin.

About the Department:

The Department of MBA was established in 2009 with an intake of 60 and subsequently increased to 120. The department has equipment, qualified and motivated faculty. Right from its inception it is continuously striving to impart quality education and encourage spirit among students for student excellence.

Program Contents:

Descriptive Statistics Using Marketing Technical & Fundamental Analysis:

- Understanding fundamental analysis
- Sources for fundamental analysis
- Technical ratios
- Fundamental analysis of technical analysis
- Quantitative and qualitative fundamental analysis
- Examples of fundamental analysis

***The main aim of this program is to help students develop assignments in the IT sector and implementing students ideas to come up with their own applications.

Resource Person:

DR. WAKED,
ASSOC. PROFESSOR,
MBA Department,
MTCAMA, KARNENAKAR.

Student Co-ordinators:

- D Anasba
- D Kavya
- O Poorna
- O Srivardhan
- N Akhil
- N Akhil

Eligibility:
Students who are pursuing MBA are eligible for attending this workshop.

Registration:
Each Participant shall pay the following amount for registration fee:
For Students: Rs.100/-
The amount is to be paid by Demand Draft only in favor of The Principal, Mother Theresa College of Engineering & Technology, Dr. T.Srinivas.

Boarding & Lodging:
Accommodations will provide for workshop participants. (Candidates apply)

IMPORTANT DATES:
Last Date of Registration: 27th NOV 2019 (TUE 10:00 AM)
Program dates: 29.11.2019 TO 04.12.2019

ADDRESS FOR CORRESPONDANCE:

About the College:
Mother Theresa College of Engineering & Technology (MTEC) was established in the year 1999. It has a well-planned campus with pollution free environment. It is located in Peddapalli (Mol. No. 80000) (Telangana). MTEC has emerged as a premier institute in the field of Technological Education, one of the most well-regarded institutions in Telangana District.
Authentically built buildings, well furnished lecture halls, library, workshop, computer lab, laboratory facility, conference hall, seminar hall, laboratories and sports play ground, indoor and outdoor sports facilities, extensive extracurricular facilities, sponsored hostel and canteen in the campus, offer an ideal environment for pursuit of a professional career. MTEC has proven to be a learning point in the lives of many students, the place where their careers of dreams begin.

About the Department:
The Department of CSE was established in 2001 with an intake of 60 and subsequently increased to 120. The Department offers M.Tech program in computer science and engineering, software engineering with an intake of 24 & 18. The department has experienced, qualified and committed faculty. Right from its inception it is continuously striving to impart quality education and cooperative spirit among students for academic excellence.

Program Contents:
Descriptive Statistics Using statistical data analysis using MS EXCEL

- Data tables
- Descriptive statistics
- Analysis of variance
- Statistical inferences and probability
- Statistical regression
- Statistical array programming
- Sample methods

** The main aim of the program is to focus on the ready development in the IT sector and engineering students who come up with their own applications.

About the College:
Mother Theresa College of Engineering & Technology (MTEC) was established in the year 1999. It has a well-groomed campus with pollution free surroundings. It is located at Peddabonkuru of Peddapalli district (Telangana). MTEC has emerged as a pioneer venture in the field of Technological Education, one of the most well organized institutions in Telangana State.

Aesthetically built buildings, well furnished lecture halls, library, workshop, computer lab, internet facility, auditorium hall, seminar hall, laboratories and spacious play ground, outdoor and indoor sports facilities, extracurricular activities, recreational grounds and campus in the campus, offer an ideal environment for pursuit of a professional career. MTEC has proved to be a turning point in the lives of many students, the place where many futures began.

About the Department:
The Department of ECE was established in 1999 with an intake of 60 and subsequently increased to 120. The Department offers M.Tech program in VLSI and EMBEDDED SYSTEMS with an intake of 24 & 18. The department has experienced, qualified and committed faculty. Right from its inception it is continuously striving to impart quality education, and competitive spirit among students for academic excellence.

Program Contents:
Descriptive Studies Using analysis of antennas using ANSYS:

- Creating the coils,
- Creating the shoring plane
- Creating the ground plane
- Creating the rad member
- Create helix structure
- Creating the ground plane
- Launch CRT

**The main aim of the program is to focus on day-to-day developments in the IT sector and implementing student's ideas to come up with their own applications.

Resource Person:
DR. E. RAVINDRA, ECE Department,
SCITE, KARIMNAGAR

Student Co-ordinators:

- E. Ravula
- G. Supriya
- K. Srihala
- G. Anusha
- K. Anjali

Eligibility:
Students who are pursuing B.TECH IN ECE OR are eligible for pursuing this workshop.

Registration:
Each Participant shall pay the following amount as the registration fee:
Per Student: Rs. 100/-

The seminar is to be held by Demand Draft in the name of "The Principal, Mother Theresa College of Engineering & Technology, Dr. T.Srinivas"

Boarding & Lodging:
Accommodations will provide for selected participants. (Conditions apply)

IMPORTANT DATES
Last Date of Registration: 07th NOV 2020
(Till 10-09 AM)
Program Date: 09.11.2020 TO 14.11.2020

PROGRAM REPORT

Name of the Program : “One Week Certificate Program on “Design And Analysis Of Antenna Using ANSYS”

Date / Duration : 09.11.2020 to 14.11.2020 (36 Hours)

Resource Person : D.GANGAIAH, Associate Professor, NIGAMA, KARIMNAGAR.

Name of Coordinator : Mr. B.SANTHOSH, Associate Professor, MTCET, Peddapally.

Number of Participants: 73

Program Objectives : The objectives of this program are

- To develop first-generation
- To train instructors in design and analysis of antennas using ansys

Topics Covered : The following topics were discussed in this certificate program

- Introduction, principles
- Basic data types

Program Outcome : The workshop is intended to facilitate the students to acquire knowledge and information on design and analysis of antennas using ANSYS.

About the College:
 Mother Theresa College of Engineering & Technology (MTEC) was established in the year 1999. It has a well-planned campus with pollution free environment. It is located at Peddabonkuru (Peddapalli district, Telangana). MTEC has emerged as a premier institution in the field of Technological Education, one of the most well organized institutions in Telangana (District). Architecturally built buildings, well furnished lecture halls, library, reading, computer lab, internet facility, conference hall, seminar hall, laboratory and sports ground, indoor and outdoor sports facilities, communication facilities, seasonal beach and recreation in the campus, offer an ideal environment for pursuit of a professional course. MTEC has proven to be a testing point in the lives of many students, the place where many success stories begin.

About the Department:-
 The Department Of EEE was established in 2001 with an intake of 60 and subsequently increased to 120. The Department Offers 34 Tech program in computer science and engineering, software engineering with an intake of 24 & 18. The department has experienced, qualified and committed faculty. Right from its inception it is continuously striving to impart quality education and competitive spirit among students for academic excellence.

Program Content:
 Descriptive program on electrical wiring in automobile vehicles:

- Introduction to DC Power Transmission
- Components of DC power transmission System
- Types of DC Transmission System
- Converter Systems
- Control and protection in DC Power Transmission
- Evolution Of DC Transmission
- Applications of DC Power Transmission

*** The main aim of the program is to impart knowledge in the IT sector and implementing student ideas or come up with their own applications.

Department of EEE

Estd: 1999

Organized by:
Department of EEE,
Vizag:
Seminor Hall - 3
Mother Theresa College of Engg. & Tech.
(Approved by AICTE, New Delhi, and
Affiliated to JNTU, Hyderabad)
PEDDABONKURU, DIST. PEDDAPALLI
505174

About the College:
Mother Theresa College of Engineering & Technology (MTEC) was established in the year 1999. It has a well-planned campus with pollution free environment. It is located at Peddabonkuru of Peddapalli district (Telangana). MTEC has emerged as a pioneer concern in the field of Technological Education, one of the most well organized institutions in Telangana Districts. Academically built buildings, well furnished library, well-stocked computer lab, Internet facility, conference hall, Seminar hall, laboratory and sports play ground, indoor and outdoor sports facilities, recreational and cultural facilities, sanctioned roads and campus in the campus, offer an ideal environment for pursuit of a professional course. MTEC has grown to be a leading point in the lives of many students, the place where many dreams of success begin.

About the Department:
The Department Of EEE was established in 2001 with an intake of 60 and subsequently increased to 120. The Department Offers B.Tech program in computer science and engineering, software engineering with an intake of 24 & 18. The department has experienced, qualified and concerned faculty. Right from its inception it is continuously striving to impart quality education and competitive spirit among students to worldwide recognition.

Program Content:
Dedicated program on electrical wiring in automobile vehicles:

- Introduction to DC Power Transmission
- Comparison of DC power transmission System
- Types of DC Transmission System
- Converter Stations
- Control and protection in DC Power Transmission
- Extension Of DC Transmission
- Applications of DC Power Transmission

****The main aim of the program is to help today's participants in the IT sector and engineering students alike to come up with their own applications.**

Resource Person:
DR. K. NARAJAN, ASSOC. PROF
TCEK, PEDDAPALLI

Student Co-ordinators:

- Farheen Anjum
- P Sandeep
- P Pravalika
- S Lavanya
- A Ramu
- G Rohith

Eligibility:
Students who are pursuing B.TECH in TCEK are eligible for attending the workshop.

Registration:
Each Participant shall pay the following amount as the registration fee:
For Student: Rs. 200/-

The amount is to be paid to General Staff room in honor of 'The Principal, Mother Theresa College of Engineering & Technology, Dr. T. Srinivas'

Boarding & Lodging:
Accommodation will provide for candidate participants. (Condition apply)

IMPORTANT DATES
Last Date of Registration, 04th Oct. 2020 (Till 10:00 AM)
Program date: 05.10.2020 TO 10.10.2020

ABOUT THE COLLEGE

Mother Theresa College of Engineering & Technology (MTEC) was established in the year 1999. It has a well-planned campus with pollution free environment. It is located at Peddapallikur of Peddapalli district (Telangana). MTEC has emerged as a pioneer venture in the field of Technological Education, one of the most well organized institutions in Telangana District(s). Aesthetically built buildings, Well furnished, lecture halls, library, workshop, Computer labs, Internet facility, conference hall, Seminar hall, laboratories and spacious playground, Indoor and outdoor sports facilities, intramural-extra Curricular facilities, associated hostels and canteen in the campus, offer an ideal environment for pursuit of a professional career. MTEC has proven to be a turning point in the lives of many students, the place where many successes of stories begin.

ABOUT THE DEPARTMENT

The department of Electronics & communication Engineering started right from the inception of the College in the year 1999. The primary objective of the Department has been to impart quality education, Training and research at the undergraduate in various areas of Electronics and Communication Engineering with broad emphasis on design aspects of electronic systems. The department presently offers UG Program B.Tech with an intake of 60.

ON

DEEP LEARNING NETWORK AND ITS APPLICATIONS

DATE: 01/03/2021 to 06/03/2021

PRINCIPAL
MOTHER THERESSA
College of Engineering & Technology
PEDDAPALLI - 505 174.

ABOUT THE FDP:

The ability to process large number of features makes deep learning very power full when dealing with unstructured data. Deep learning architectures such as deep neural networks ,deep belief networks ,recurrent neural networks and convolution neural networks have been applied to fields like computer vision mission learning, Machine vision recognition natural language processing audio recognition social network filtering machine translation bioinformatics drug design medical image analysis material inspection.

THE OBJECTIVE OF FDP:

The objectives of FDP is to introduce fundamentals of deep learning with its application the program would help the participant to understand the key concept behind the deep learning. Identify the deep learning algorithms which are more appropriate for various types of learning comprehensive knowledge of various neural network architectures such as convolution neural network, recurrent neural networks .This FDP also focuses on exploring various research opportunities and challenges in the field of deep learning and its application.

TOPICS COVERED

10. Deep learning
11. Recurrent neural networks
12. Improving deep neural networks
13. convolution neural network

PROGRAM REPORT

Date: 08-03-2021

Name of the program: “A one week faculty development program on Deep Learning Network and Its Applications

Date: 01-3-2021 to 06-03-2021

Details of the program:

Details of resource person

Name	RAJENDER
Designation	Assistant Professor ECE
Organization	Trinity College of engineering and technology, Bandarikunta, Peddapalli505172
Email id	Rajendhar1@gmail.com
Contact number	9989017470

ABOUT THE FDP:

The ability to process large number of features makes deep learning very power full when dealing with unstructured data. Deep learning architectures such as deep neural networks ,deep belief networks ,recurrent neural networks and convolution neural networks have been applied to fields like computer vision mission learning, Machine vision recognition natural language processing audio recognition social network filtering machine translation bioinformatics drug design medical image analysis material inspection

THE OBJECTIVE OF FDP:

The objectives of FDP is to introduce fundamentals of deep learning with its application the program would help the participant to understand the key concept behind the deep learning. Identify the deep learning algorithms which are more appropriate for various types of learning comprehensive

PRINCIPAL
MOTHER THERESSA
College of Engineering & Technology
PEDDAPALLI-505 174

knowledge of various neural network architectures such as convolution neural network, recurrent neural networks .This FDP also focuses on exploring various research opportunities and challenges in the field of deep learning and its application

TOPICS COVERED

- Deep learning
- Recurrent neural networks
- Improving deep neural networks
- convolution neural network

ABOUT THE COLLEGE

Mother Theresa College of Engineering & Technology (MTEC) was established in the year 1999. It has a well-planned campus with pollution free environment. It is located at Peddabonkur of Peddapalli district (Telangana). MTEC has emerged as a pioneer venture in the field of Technological Education, one of the most well organized institutions in Telangana District(s). Aesthetically built buildings, Well furnished, lecture halls, library, workshop, Computer labs, Internet facility, conference hall, Seminar hall, laboratories and spacious playground, Indoor and outdoor sports facilities, intramural-extra Curricular facilities, associated hostels and canteen in the campus, offer an ideal environment for pursuit of a professional career. MTEC has proven to be a turning point in the lives of many students, the place where many successes of stories begin.

ABOUT THE DEPARTMENT

The aim of the institute is to cultivate. In its students high moral standards coupled with academic excellence to promote market-oriented skill development an up gradation that would help in serving the needs of the society. From its advent, the Institution has acquired a credible position in the fields of Business Administration topped programs.

DEPARTMENT OF MANAGEMENT STUDIES

A ONE WEEK FACULTY DEVELOPMENT
PROGRAM
ON

TECHNOLOGICAL ADVANCEMENT IN EDUCATION MANAGEMENT

DATE: 07-12-2020 TO 12-12-2020

PRINCIPAL
MOTHER THERESSA
COLLEGE OF ENGINEERING & TECHNOLOGY
PEDDAPALLI-505 174

ABOUT THE FDP:

Technology advancements in education are changing the way students learn and teach. Some of the technological innovation in education includes personalized learning technology that caters to students needs and learning styles. Collaboration and communication technology the enhances team work and interaction among students and teachers. Access to information and resources that expands the scope and depth of learning. Efficiency and productivity technology that stream lines administrative and assessment tasks. Flexibility and accessibility technology that enable online and blended learning modes.

THE OBJECTIVE OF FDP:

to provide an opportunity to participants to deliberate and learn about the challenges being faced in education and research in the present digital era in terms of cyber security in academia and innovation, incubation, startups and research challenges in india. to enable the participants to understand new education policy 2020.
