Seal/Stamp Signature of Authority:

About the College:
Mother Theresa College of Engineering & Technology (MTEC) was established in the year 1999. It has a well-planned campus with pollution free environment. It is located at Peddabonkuru of Peddapalli district (Telangana). MTECET has emerged as a pioneer venture in the field of Technological Education, one of the most well organized institutions in Telangana District(s). Architecturally built buildings, well furnished lecture halls, library, workshop, computer labs, Internet facility, conference hall, Seminar hall, laboratories and spacious play ground, indoor and outdoor sports facilities, immmoral-extracurricular facilities, associated hostels and canteen in the campus, offer an ideal environment for pursuit of a professional career. MTEC has proven to be a turning point in the lives of many students, the place where many success stories begin.

About the Department:
The Department Of CSE was established in 2001 with an intake of 60 and subsequently increased to 120. The Department Offers M.Tech program in computer science and engineering, software engineering with an intake of 24 & 15. The department has experienced, qualified and committed faculty. Right from its inception it is continuously striving to impart quality education and competitive spirit among students for academic

Program Contents:
Physical Backend Design Of VLSI:

- VLSI Design flow,
- MOS, PMOS, NMOS
- Stick Diagrams
- Design rules and layout transistors
- Logic gates and Other Complex Gates
- Multiplexers
- Fault Generators
- CMOS Testing

****The main aim of the program is known to day-to-day developments in the IT sector and implementing students ideas to come up with their own applications.**

Resource Person:
Mr. G Karthik, Ph.D.
Asst. Professor, ECE Department,
SCET for Women,
Hyderabad.

Student Co-ordinators:

- E Shrivani
- K Anjali
- T. Saicharan
- Praveen
- P Rajitha
- Tulani

Eligibility:
Students who are pursuing B.TECH/ M.TECH are eligible for attending this workshop.

Registration:
Each Participant shall pay the following amount as the registration fee:
For Student: Rs.300/-

The amount to be paid by Deputed Draft taken in favour of "The Principal, Mother Theresa College of Engineering & Technology, Dr. T.Srinivas"

Boarding & Loading:
Accommodations will provide for outstation participants. (Concessions apply)

IMPORTANT DATES
Last Date of Registration:
15th Jan 2022
(Till 10:00 AM)

Program dates: 17.01.2022 TO 29.01.2022

It is located at Peddabonkuru of Peddapalli district (Telangana). MTEC has emerged as a pioneer venture in the field of Technological Education, one of the most well organized institutions in Telangana District.
Authentically built buildings, well furnished lecture halls, library, workshop, computer lab, Internet facility, conference hall, Seminar hall, laboratories and spacious play ground, indoor and outdoor sports facilities, intramural-extracurricular facilities, associated hotels and canteen in the campus, offer an ideal environment for pursuit of a professional career. MTEC has proven to be a training point in the lives of many students, the place where many success of studies begin.

About the Department:
The Department Of EEE was established in 2001 with an intake of 60 and subsequently increased to 120. The Department Offers M.Tech program in Power Electronics, Electrical Power Systems with an intake of 24 & 18. The department has experienced, qualified and committed faculty right from its inception. It is continuously striving to impart quality education and competitive spirit among students for academic excellence.

Program Contents:
Simulation Tools in MATLAB for Electrical Engineering:

- Data analysis and visualization
- Program simulation Proficiency
- Algorithm Development
- Mathematical Modelling
- Image And Signal processing
- Machine Learning

****The main aim of the program is known to day-to-day developments in the IT sector and implementing students ideas to come up with their own applications.**

Resource Person:
Dr. Natarajan,
Associate Professor, EEE Department,
Trinity College of Engineering & Technology,
Peddapalli.

Student Co-ordinators:

- A. Rani
- K. Pujitha
- K. Saiasitha
- K. Shrivardhan
- B. Akshitha
- I. Sagar

Eligibility:
Students who are pursuing B.TECH in EEE are eligible for attending the workshop.

Registration:
Each Participant shall pay the following amount as the registration fee:
Per Student: Rs.300/-
The amount is to be paid by Demand Draft taken in favour of "The Principal, Mother Theresa College of Engineering & Technology, Dr. T. Srinivas".

Boarding & Lodging:
Accommodations will provide for on-campus participants. (Conditions apply)

IMPORTANT DATES
Last Date of Registration: 14th May 2022 (Till 10:00 AM)
Program dates: 16.05.2022 to 28.05.2022

PROGRAM REPORT

Name of the Program : "Simulation Tools in MATLAB for Electrical Engineering"

Date / Duration : 12.09.2022 to 17.09.2022 (36 Hours)

Resource Person : Dr. Natrajan, Associate Professor, TCEK, Peddapally.

Name of Coordinator : Mr. K Sadanandam, Associate Professor, MTCET, Peddapalli.

Number of Participants : 111

Program Objectives : The objectives of this program are

- To develop basic web projects while being introduced to web designing concepts and technology.
- To impact of the study of human-computer interaction on the creation of interactive systems is understood by the students.

Topics Covered : The following topics were discussed in this certificate program

- Data Analysis and visualization
- machine Learning
- Numerical Optimization
- 3d Visualization also in MATLAB

Program Outcome : The workshop is intended to facilitate the students to acquire knowledge and information on data analysis and 3d visualization. This program will help the students to into the Modern Technologies.

Seal Stamp Signature of Authority:

About the College:
Mother Theresa College of Engineering & Technology (MTEC), was established in the year 1999. It has a well-planned campus with pollution free environment. It is located at Peddabonkuru of Peddapalli district (Telangana). MTEC has emerged as a pioneer venture in the field of Technological Education, one of the most well-organized institutions in Telangana Districts.
Authentically built buildings, well-furnished lecture hall, library, workshop, computer lab, Internet facility, conference hall, Seminar hall, laboratories and spacious play ground, indoor and outdoor sports facilities, intramural-extracurricular facilities, associated boards and canteen in the campus, offer an ideal environment for pursuit of a professional career. MTEC has proven to be a turning point in the lives of many students, the place where many success stories begin.

About the Department:
The Department of MECH was established in 2001 with an intake of 60 and subsequently increased to 120. The Department offers course in CAD-CAM, IEM and Thermal Engineering. The department has experienced, qualified and committed faculty. Right from its inception it is continuously striving to impart quality education and competitive spirit among students for academic excellence.

Program Contents:
Application of Nano Materials:

- Fundamental of Nano Materials
- Chemical and Physical properties
- Nanomaterial in Energy Applications

Resource Person:
Dr. Devalah,
Assoc. Professor, Nigam Engineering & Technology,
Karimnagar.

Student Co-ordinators:

- K Pranay
- M Suchith
- Venu Patel
- K Raj Kumar
- A Raviteja
- B Murali

Eligibility:
Students who are pursuing B.TECH/M.TECH are eligible for attending this workshop.

Registration:
Each Participant shall pay the following amount as the registration fee.
Per Student: Rs 500/-
The amount is to be paid by Demand Draft taken in favour of "The Principal Mother Theresa College of Engineering & Technology, Dr. T.Srinivas".

Boarding & Lodging:
Accommodation will provide for outstation participants. (Condition apply)

IMPORTANT DATES
Last Date of Registration, 07th Oct 2023 (Till 10:00 AM)
Program dates: 09.10.2023 to 21.10.2023

PROGRAM REPORT

Name of the Program : "Applications of Nano Materials"

Date / Duration : 19.09.2022 to 24.09.2022 (36 Hours)

Resource Person : Dr. Dr. Devaiah, Associate Professor, NIGAMA, Karimnagar.

Name of Coordinator : Mr. Md. Zaheeruddin, Associate Professor, MTCET, Peddapalli

Number of Participants : 79

Program Objectives : The objectives of this program are

- To develop basic web projects while being introduced to web designing concepts and technology.
- To impact of the study of human-computer interaction on the creation of interactive systems is understood by the students.

Topics Covered : The following topics were discussed in this certificate program

- Fundamental of Nano Materials
- Chemical and Physical Approves
- Lithography
- Various applications of Nano material

Program Outcome : The workshop is intended to facilitate the students to acquire knowledge and information on the properties of Nano materials, facts and applications of Nano materials. This program will help the students to into the Modern Technologies.

MTEC has proven to be a turning point in the lives of many students, the place where many careers of students begin.

about the Department

The Department of CSE was established in 2000 with an intake of 60 and subsequently increased to 120. The Department Offers M.Tech program in computer science and engineering, software engineering with an intake of 24 & B.E. The department has experienced, qualified and committed faculty. Right from its inception it is continuously striving to impart quality education and cooperative spirit among students for academic excellence.

Program Contents:
AI&ML:

- Introduction to machine learning
- Feature scaling
- Knowledge and Feature Engineering
- systematic Knowledge and Learning

****The main aim of the program is to help in the development in the IT sector and implementing problem areas in solving up with their own applications.**

ABOUT THE COLLEGE

Mother Theresa College of Engineering & Technology (MTEC) was established in the year 1999. It has a well-planned campus with pollution free environment. It is located at Peddabonkur of Peddapalli district (Telangana). MTECET has emerged as a pioneer venture in the field of Technological Education, one of the most well organized institutions in Telangana District(s). Aesthetically built buildings, Well furnished, lecture halls, library, workshop, Computer labs, Internet facility, conference hall, Seminar hall, laboratories and spacious playground, Indoor and outdoor sports facilities, intramural-extra Curricular facilities, associated hostels and canteen in the campus, offer an ideal environment for pursuit of a professional career. MTEC has proven to be a turning point in the lives of many students, the place where many successes of stories begin.

ABOUT THE DEPARTMENT

The department of Electronics & communication Engineering started right from the inception of the College in the year 1999. The primary objective of the Department has been to impart quality education, Training and research at the undergraduate in various areas of Electronics and Communication Engineering with broad emphasis on design aspects of electronic systems. The department presently offers UG Program B.Tech with an intake of 60.

ABOUT THE FDP

This FDP is designed to address research advancements in power conversion topologies and applications in the industry and to encourage various zonal professionals/ academicians/ students towards research and for their academic quality improvement too. All the participants in the relevant topics in real time power electronic systems and its applications through theoretical sessions and simulation plus laboratory based experiments and demonstrations. This FDP aims to give scope for future research.

THE OBJECTIVE OF FDP

To provide an opportunity for academia and industry to gain insights into electric vehicle technology, to address the challenges in the efficient design of power converters through advanced controller techniques towards electric propulsion.

LEARNING OUTCOMES

- High Initial Cost
- The upfront cost of purchasing an electric vehicle is relatively higher compared to conventional vehicles.
- Limited Charging Infrastructure:
- In India, the charging infrastructure is still in the early stages of development and is concentrated in major cities.

PROGRAM REPORT

Date: 26-06-2023

Name of the program: organizing “A one week faculty development program Recent Advances and Challenges in E-Mobility

”

Date: 19-06-2023 to 24-06-2023

Details of the program:

Details of resource person

Name	V SRIDHAR
Designation	Assistant Professor, ECE
Organization	Trinity College of engineering and technology, Bandarikunta Peddapalli 505172
Email id	Sridhar123@gmail.com
Contact number	9704046346

ABOUT THE FDP: This FDP is designed to address research advancements in power conversion topologies and applications in the industry and to encourage various zonal professionals/academicians/students towards research and for their academic quality improvement too. All the participants in the relevant topics in real time power electronic systems and its applications through theoretical sessions and simulation plus laboratory based experiments and demonstrations. This FDP aims to give scope for future research.

THE OBJECTIVE OF FDP: To provide an opportunity for academia and industry to gain insights into electric vehicle technology. To address the challenges in the efficient design of power converters through advanced controller techniques towards electric propulsions

MOTHER THERESSA
College of Engineering & Technology
PEDDAPALLI-505 174.

LEARNING OUTCOMES

- High Initial Cost
- The upfront cost of purchasing an electric vehicle is relatively higher compared to conventional vehicles.
- Limited Charging Infrastructure:
- In India, the charging infrastructure is still in the early stages of development and is concentrated in major cities.
