### NAME OF THE PROGRAM: GENDER EQUALITY

#### PROGRAM REPORT

The program was organized on 16 July 2018. The main objective of this program was to create awareness on the importance of **GENDER EQUALITY**. The Chief Guest for the event was Dr. D. Amabica. 106 students attended to this event.

The Dr. D. Amabica explained the Gender Equality means that the rights, responsibilities and opportunities of individuals will not depend on whether they are male or female, handicapped or able bodied, young or elderly, from rural or urban settings. Women are entitled to live in dignity, safety and security.

Gender equality is the goal, while gender neutrality and gender equity are practices and ways of thinking that help in achieving the goal. Gender parity, which is used to measure gender balance in a given situation, can aid in achieving gender equality but is not the goal in and of it. Gender equality is more than just equal representation; it is strongly tied to women's rights, and often requires policy changes. As of 2017, the global movement for gender equality has not incorporated the proposition of gender besides women and men, or gender identifies outside of the gender binary.

**Mother Daughter Conversation**

Communication material are developed which specifically targeted women. Following is an example from Uttar Pradesh, the most populated state of India:

Dear mother, don't stop me, I will go to vote

Listen daughter, I will not send you outside

Stay at home and work, I will not send you outside

Dear mother, your aunts would go to vote

Your old grandmother will go to vote

Listen daughter, I will not send you outside

Stay at home and work, I will not send you outside

Dear mother,

Listen to me, pay attention; I have got my voter slip

My name is in the rolls and I am a voter

Dear daughter, how can you be a voter without being married?

Dear mother, I am eighteen years old, my name is in the voter list, the Tehsildar came to school and showed us the voter list

I will take everyone with me to vote

I will perform my duty

Dear daughter, thanks for enlightening me; I will vote and make sure you vote too.

### NAME OF THE PROGRAM: INTERNATIONAL WOMEN'S DAY

#### PROGRAM REPORT

On International Women's Day, 8 March, we celebrate all women, in all their diversities. Our Guest gave the speech about the program and he talked why the international women's day importance is. We embrace the many facets of women's identities – intersections of faith, race, ethnicity, gender or sexual identity, or disability. We celebrate those who came before us, those who stand beside us now, and those who will come after. For as long as women have been here, there have been women's rights activists dedicated to challenging the systems, structures and cultures where inequality manifests.

International Women's Day is about women from all around the world. IWD is a day to celebrate activists on a global level, raising awareness of their work and the challenges they face. It's also a great opportunity to network and connect with people committed to gender equality.
