### PROGRAM REPORT

To enlighten and educate the students in social awareness MTCET program named "SELF DEFENCE" Program on 10.08.2020. Implementation of idea under the guidance and support of our college management. We arranged the program in our college Ground. Instances of harassment against girls and women are prevalent in our society, many of which go unreported eventually leading to heinous crimes against girl and women. There is a pressing need to tackle such complicated situations for girls to be able to save themselves from any deleterious outcome. By making them learn self-defense; we can ensure a society brimming with powerful and strong women who can protect themselves. Program "SELF DEFENCE".

Life is a gift. It's also unpredictable. Self-defense helps to prepare you for unexpected situations and also helps to develop mental and physical health. It may be hard to imagine being attacked by a stranger, but it happens every day. These attacks occur without warning, and when individuals least expect it. These attacks are all the more common. While this is a scary fact, it is something the average Indian should take seriously. By learning the basics of self-defense skills you prepare yourself for dangerous and unforeseen circumstances. In addition to various other benefits such as discipline, respect, self-control, improving coordination, balance, speed, strengths, flexibility as well as overall health, wellness, and a positive way of life. Around 106 female students participated in this event
