MEMORANDUM OF UNDERSTANDING (MoU)
BETWEEN
<< Mother Theresa College of engineering & Technology (Peddapalli)>>
AND
<<SV Industrial Training & Career Solution Pvt Ltd.>>

This Memorandum of Understanding (hereinafter called as the 'MoU') is entered into on this the 20th day of October Month 2023 by and between.

<< Mother Theresa College of engineering & Technology (Peddapalli)>>, the First Party represented herein by its Principal / Head of Institution << Mother Theresa College of engineering & Technology (Peddapalli)>>, And << SV Industrial Training & Career Solution Pvt Ltd >>. The Second party, and represented herein by its Centre Head Mr.R.SHIVA KUMAR << Managing Director >>.

WHEREAS:

- A) First Party is a Higher Educational Institution named: << Mother Theresa College of engineering & Technology (Peddapalli)>>,
B) First Party & Second Party believe that collaboration and co-operation between themselves will promote more effective use of each of their resources, and provide each of them with enhanced opportunities.
C) The Parties intent to cooperate and focus their efforts on cooperation within area of Skill Based Training, Education, Placement, Industrial Visit, Expert Lecture.
D) << SV Industrial Training & Career Solution Pvt Ltd >>, - the Second Party is engaged in << related fields >>.

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MOU, THE PARTIES HERETO AGREE AS FOLLOWS:

CLAUSE 1 CO-OPERATION

- 1.1 Both Parties are united by common interests and objectives, and they shall establish co-operation.
1.2 First Party and Second Party co-operation will facilitate effective utilization of the intellectual capabilities.
1.3 The parties shall co-operate with each other and shall as promptly as is responsibly practical, relevant agreement.

CLAUSE 2 SCOPE OF THE MoU

- 2.1 Industrial Training & Visits: Industry and Institution interaction will provide an insight into the latest developments / requirements of the industries; the Second Party to permit the Faculty and Students of the First Party to visit its group companies and also involve in Industrial Training Programs for the First Party. This will provide confidence & smooth transition for students work. Also the Second party may register on the AICTE Internship Portal for the benefit of students.
2.2 Guest Lectures: Second Party to extend the necessary support to deliver guest lecturers to the students of the First Party on the technology trends and in house requirements.
2.3 Placement of trained students: second party will actively engage to help the delivery of the training and placement of the students of the first party on the technology trends and in house requirements.
2.4 There is no financial commitment on the part of the << Mother Theresa College of engineering & Technology (Peddapalli)>>, the first party to take up any program mention in MoU. If there is any financial consideration, it will be dealt separately.
2.5 Both Parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required.

CLAUSE 3 VALIDITY

- 3.1 This Agreement will be valid until it is expressly terminated by either Party on mutually agreed terms, during which period, the Second Part.

CLAUSE 4 RELATIONSHIP BETWEEN THE PARTIES

- 5.1 It is expressly agreed that First Party and Second Party are acting under this MOU as independent contractors, and the relationship established under this MOU shall not be construed as a partnership.

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MOU, THE PARTIES HERE TO AGREE AS FOLLOWS:

**CLAUSE 1
CO-OPERATION**

- 1.1 Both parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations within the institution and its related wings. The parties shall keep each other informed of potential opportunities and shall share all information that may be relevant to secure additional opportunities for one another.
- 1.2 First party and second party co-operation will facilitate effective utilization of the intellectual capabilities of the faculty of first party providing significant inputs to them in developing suitable teaching / training systems, keeping in mind the needs of the industry, the second party.
- 1.3 The general terms of co-operation shall be governed by this MOU. The parties shall cooperate with each other and shall, as promptly as is reasonably practical, enter into all relevant agreements, deeds and documents (the 'definitive documents') as may be required to give effect to the actions contemplated in terms of this MOU. The term of definitive documents shall be mutually decided between the parties. Along with the definitive documents, this MOU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the parties on the subject matter hereof.

**CLAUSE 2
SCOPE OF THE MOU**

- 2.1 The budding graduates from the institutions could play a key role in technological up-gradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.
- 2.2 **Curriculum Design:** second party will give valuable inputs to the first party in teaching / training methodology and suitably customize the curriculum so that the students fit into the industrial scenario meaningfully.
- 2.3 **Industrial Training & Visits:** industry and institution interaction will give an insight in to the latest developments / requirements of the industries; the second party to permit the faculty and students of the first party to visit its group companies and also involve in industrial training programs for the first party. The industrial training and exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition from academic to working career. The second party will provide its labs / workshops / industrial sites for the hands-on training of the learners enrolled with the first party.

PRINCIPAL

MEMORANDUM OF UNDERSTANDING

Memorandum of Understanding (MoU) between Mother Teresa College of Engineering and Technology (MTCET) and SV IT Solutions: Strengthening Placement Opportunities

MOU Signed at **Mother Theresa College Of Engineering And Technology**, on 5th May 2023 for the period of Five years

Mother Teresa College of Engineering and Technology (MTCET) and SV IT Solutions have entered into a strategic Memorandum of Understanding (MoU) to enhance placement opportunities for engineering graduates. This collaboration aims to bridge the gap between academia and industry, fostering a seamless transition for MTCET students into the dynamic IT sector.

The primary objective of this MoU is to facilitate placements for MTCET graduates within SV IT Solutions. SV IT Solutions commits to actively participating in placement processes, conducting recruitment drives, interviews, and placement talks on the MTCET campus. This collaboration ensures that students are exposed to industry professionals, providing them with valuable insights into the IT landscape and offering a platform to showcase their skills.

The MoU also outlines a structured approach to skill development, incorporating mock interviews, resume-building workshops, and industry-specific training programs. SV IT Solutions aims to contribute to the holistic development of MTCET students, preparing them for successful careers in the IT industry.

The placement collaboration is designed to be dynamic and responsive to industry needs. Periodic reviews and adaptability are integral components of the MoU, ensuring that the partnership remains effective and relevant in the fast-evolving IT sector. MTCET and SV IT Solutions are committed to working closely to provide students with the best possible opportunities for growth and success in their professional endeavors.

In conclusion, this MoU symbolizes the commitment of MTCET and SV IT Solutions to empowering engineering graduates with the skills and opportunities needed to thrive in the competitive IT landscape. The collaboration sets the stage for a fruitful partnership that benefits both institutions and, most importantly, the aspiring engineers seeking rewarding careers in the IT sector.

MEMORANDUM OF UNDERSTANDING

A Memorandum of Understanding (MoU) marks the collaborative commitment between Mother Theresa College of Engineering and Technology (MTCET) and Adya Technologies, forging a strategic partnership to enhance placement opportunities for students. This agreement, rooted in mutual goals and shared values, signifies a pivotal step towards fostering industry-academic collaboration.

MOU Signed at Mother Theresa College Of Engineering Technology, on 4th March 2023 for the period of one year up to 4th March 2028.

The primary objective of this MoU is to bridge the gap between academia and industry, facilitating a seamless transition for students from the educational realm to the professional arena. MTCET, known for its academic excellence and commitment to producing skilled engineers, seeks to strengthen its placement ecosystem through this strategic alliance.

Adya Technologies, a dynamic player in the technology sector, recognizes the value of recruiting top-tier talent from reputed educational institutions. By entering into this partnership, Adya Technologies aims to tap into the pool of qualified and capable individuals nurtured by MTCET. The company is committed to providing students with exposure to real-world challenges, enabling them to apply theoretical knowledge in practical scenarios.

One of the key components of this MoU is the establishment of a structured internship program. Adya Technologies will offer internship opportunities to MTCET students, allowing them to gain hands-on experience in a professional setting. This experiential learning will not only enhance students' practical skills but also make them industry-ready upon graduation.

PRINCIPAL
MOTHER THERESSA
College of Engineering & Technology
PEDDAPALLI-505 174

The MoU outlines the parameters for a collaborative placement process, where Adya Technologies will actively participate in recruitment drives conducted by MTCET. This involvement may include on-campus recruitment events, placement talks, and interviews. The aim is to provide a platform for students to interact with industry professionals, understand the corporate landscape, and secure employment opportunities that align with their career aspirations.

Furthermore, the agreement emphasizes knowledge exchange initiatives, such as guest lectures, workshops, and seminars conducted by Adya Technologies professionals at MTCET. This collaborative approach ensures that students are exposed to the latest industry trends, technologies, and best practices, making them more competitive in the job market.

In conclusion, the MoU between MTCET and Adya Technologies is a testament to the commitment of both institutions to the holistic development of students. It paves the way for a symbiotic relationship, where academia and industry converge to nurture talent, foster innovation, and contribute to the overall growth of the engineering and technology sector. Through this collaboration, students at MTCET are poised to embark on a journey that seamlessly integrates their academic learning with real-world applications, setting the stage for successful and fulfilling careers in the technology industry.

7. Give related information, its branches, and dimensional information about the industry concerned with whom the MOU is sworn.

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MOU, THE PARTIES HERE TO AGREE AS FOLLOWS:

**CLAUSE 1
CO-OPERATION**

- 1.1 Both parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations within the institution and its related wings. The parties shall keep each other informed of potential opportunities and shall share all information that may be relevant to secure additional opportunities for one another.
- 1.2 First party and second party co-operation will facilitate effective utilization of the intellectual capabilities of the faculty of first party providing significant inputs to them in developing suitable teaching / training systems, keeping in mind the needs of the industry, the second party.
- 1.3 The general terms of co-operation shall be governed by this MOU. The parties shall cooperate with each other and shall, as promptly as is reasonably practical, enter into all relevant agreements, deeds and documents (the 'definitive documents') as may be required to give effect to the actions contemplated in terms of this MOU. The term of definitive documents shall be mutually decided between the parties. Along with the definitive documents, this MOU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the parties on the subject matter hereof.

**CLAUSE 2
SCOPE OF THE MOU**

- 2.1 The budding graduates from the institutions could play a key role in technological up-gradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.
- 2.2 **Curriculum Design:** second party will give valuable inputs to the first party in teaching / training methodology and suitably customize the curriculum so that the students fit into the industrial scenario meaningfully.
- 2.3 **Industrial Training & Visits:** industry and institution interaction will give an insight in to the latest developments / requirements of the industries; the second party to permit the faculty and students of the first party to visit its group companies and also involve in industrial training programs for the first party. The industrial training and

PRINCIPAL

exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition from academic to working career. The second party will provide its labs / workshops / industrial sites for the hands-on training of the learners enrolled with the first party.

- 2.4 **Research and Development:** both parties have agreed to carry out the joint research activities in the fields of corporate training activities and services.
- 2.5 **Skill Development Programs:** second party to train the students of first party on the emerging technologies in order to bridge the skill gap and make them industry ready.
- 2.6 **Guest Lectures:** second party to extend the necessary support to deliver guest lectures to the students of the first party on the technology trends and in/out house requirements.
- 2.7 Both parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required for offering the programmes on the terms specified herein
- 2.8 There is no financial commitment on the part of the **MOTHER THERESSA COLLEGE OF ENGINEERING AND TECHNOLOGY**, the first party to take up any programme mentioned in the MOU. If there is any financial consideration, it will be dealt separately.

CLAUSE 3 INTELLECTUAL PROPERTY

3.1 Nothing contained in this MOU shall, by express grant, implication, estoppel or otherwise, create in either party any right, title, interest, or license in or to the intellectual property (including but not limited to know-how, inventions, patents, copy rights and designs) of the other party.

CLAUSE 4 VALIDITY

- 4.1 This agreement will be valid for 5 years or until it is expressly terminated by either party on mutually agreed terms, during which period name of industry, the second party, as the case may be, will take effective steps for implementation of this MOU. Any act on the part of training partner or name of industry, the second party after termination of this agreement by way of communication, correspondence etc., shall not be construed as an extension of this MOU.
- 4.2 Both parties may terminate this MOU upon 45 calendar days' notice in writing. In the event of termination, both parties have to discharge their obligations.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (in Short “MOU”) is entered into this 12th day of February, 2023 by and between

- (1) **NEWZEN INFOTECH**, a company registered under the Companies Act 1956 and having its registered office at 2nd Floor, Green Square Plaza, Opp: Geethabavan, Karimnagar, Telangana, India. , here in after called “**Trainer**”
- (2) **MOTHER THERESSA COLLEGE OF ENGINEERING AND TECHNOLOGY**, (in Short “**MTEC**”), affiliated to JNTU-H, TS and approve by AICTE, New Delhi, and having its registered office Address at Peddapalli, Peddapalli (District), Telangana 505 174.

1. Training Services

In consideration of the payment by (**MTEC**) to the Trainer, Trainer hereby agrees to provide such Internships, training services and services related to Academic Projects as shall be reasonably requested including the topics and any deliverables, and at the location(s) specified in the Appendix -here to (hereinafter “Services”).

2. Term and Termination

This Agreement shall be effective as of the date shown in the Appendix hereto, or if none, as of the date first shown above, and shall continue for the period shown on the Appendix. After such term, or if none is shown at any time, (**MTEC**) may terminate this Agreement on 7 days’ prior written notice to Trainer. Not with standing anything contained in this agreement, (**MTEC**) will have the right to terminate this agreement without cause at any time by giving a prior written notice of 7 days to the Trainer. In such case of termination proportionate amount should be paid by (**MTEC**) (based on the no of days training).

3. Confidentiality

3.1 In consideration of the Confidential Information supplied to it by (**MTEC**), Trainer agrees that it shall keep (**MTEC**)’s Information confidential, and shall not, in any manner use, copy, reproduce or disclose such Confidential Information (and shall use all reasonable efforts to prevent any such disclosure) except as permitted in clause 3.2 of this Agreement.

3.2 “Confidential Information” means, in the case of (**MTEC**), any business, employee or Student information or data which is disclosed or otherwise comes into Trainer’s possession directly or indirectly as a result of this Agreement and which is of a confidential nature (including for the avoidance of doubt the existence and terms of this Agreement, any information relating to (**MTEC**)’ or any (**MTEC**) Affiliates’ business affairs, operations, products, processes, methodologies, formulae, plans, intentions, projections, know-how, intellectual property rights, trade secrets, market opportunities, suppliers, customers, marketing activities, sales, software, computer and telecommunications systems, costs and prices, wage rates, records, finances and personnel) or, in the case of the Trainer, any information or data which is disclosed to (**MTEC**) and is clearly marked as confidential.

3.3 This Agreement does not apply to Confidential Information which:

- A) Is in the public domain and was publicly available prior to Trainer’s receipt thereof from (**MTEC**);

PRINCIPAL
MOTHER THERESSA
College of Engineering & Technology
PEDDAPALLI-505 174

B) Trainer can show was in its possession prior to disclosure by (MTEC) and which had not previously been obtained from (MTEC) or another person under an obligation of confidentiality to (MTEC);

C) Trainer obtains from a person other than (MTEC), other than in breach by such person of any obligation of confidentiality to (MTEC); or

D) Trainer can demonstrate, is independently developed by Trainer without the benefit of any Confidential Information of (MTEC).

3.4 Trainer acknowledges that breach by it of this Clause and/or Agreement may cause irreparable injury to (MTEC), which will be inadequately compensable in damages. Accordingly (MTEC) is entitled to the remedies of injunction, specific performance and other equitable relief in respect of any actual breach or threatened breach of the terms of this Agreement, in addition to any other legal remedies which may be available, without the actual damages or posting of security or a bond. Trainer further agrees to be responsible for any expenses (including reasonable legal and attorneys' fees) that (MTEC) may incur if it is obliged to enforce this Agreement.

3.5 At any time during the term of this Agreement, Trainer shall, within 7 days from the receipt of a written request from (MTEC), return to (MTEC), or at (MTEC)'s option destroy, all documents and other materials in its possession, custody or control which contain any of (MTEC)'s Confidential Information, and certify to (MTEC) in writing that it has destroyed the Confidential Information. In any event, Trainer shall, within 7 days of the expiration or termination of this Agreement, return to (MTEC), or at (MTEC)'s option destroy all documents and other materials in its possession, custody or control which contain any of (MTEC)'s Confidential Information, and certify to (MTEC) in writing that it has destroyed the Confidential Information.

3.6 The Trainer shall ensure that any of its Staff shall sign the Staff Confidentiality Schedule, an original of which will be delivered by the Trainer to (MTEC) for retention in (MTEC)' files. "Staff" shall mean permanent and contract staff and all contractors and/or consultants engaged by Trainer for rendering the Services.

4. Fees

In consideration for the Training granted by Trainer, (MTEC) shall pay the Trainer the amount set forth in the Appendix -B. Any such fees shall be exclusive of taxes, which may be due on the service provided hereunder.

5. Intellectual Property Rights

5.1 Each party shall retain ownership of their pre-existing intellectual property.

5.2 In the case of any pre-existing Intellectual Property licensed from a third party, the licensee party warrants that it will have obtained any necessary authority, permission or license from the relevant third party in order to grant the above licenses.

5.3 Subject to Clause 5.1, all work product, shall be "work-made for hire" to the extent permissible under applicable law and (MTEC) shall, upon the creation thereof, exclusively own all intellectual property rights therein. (MTEC) grants the Trainer a license to use the work products to the extent necessary for the purpose of performing the Services. The Trainer assigns to (MTEC) by way of future assignment (to the extent not already vested in (MTEC) by operation of law) all copyright and (to the extent capable of assignment under this clause) all other Intellectual Property Rights in or relating to any work products for their full terms throughout the world.

T. Srinivas
PRINCIPAL
MOTHER THERESA
College of Engineering & Technology
PEDDAPALLI-505 174

5.4 Trainer acknowledges and agrees it shall indemnify, defend and hold (MTEC), its directors, officers, employees and agents, harmless from and against any and all claims, losses, liabilities, damages, expenses, and costs (including, without limitation, reasonable fees for attorneys, expert witnesses, and court costs) which result from any claim for infringement of any patent, trademark, copyright, trade secret or contractual right or obligation or other industrial, intellectual property, or proprietary right held by any third party. This indemnification shall survive the expiration or termination of this Agreement by either party for any reason.

6. Limitation of Liability

6.1 Neither party excludes or limits its liability to the other for fraud or for death or personal injury resulting from its negligence or any breach of any obligations under this Agreement and / or any other relevant Act/Statute.

6.2 Subject to the express terms of this agreement neither (MTEC) nor the trainer shall be liable to the other in connection with this agreement for exercise of its rights or the performance of its obligations under this agreement for any indirect or consequential loss whether arising from negligence, breach of contract or howsoever caused.

6.3 The preceding Limitation of Liability provisions shall not apply to (i) breach by a Party of Sections regarding Intellectual Property and Ownership, (ii) breach of Confidentiality under clause 3 (iii) for fraud or for death or personal injury resulting from its negligence or any breach of any obligations as provided under Clause 6.1

7. Relationship of Parties

7.1 Trainer shall be an independent contractor. The relationship between (MTEC) and Trainer shall not be construed as an employment relationship, and shall not constitute a partnership, joint venture, or agency of any kind; nor shall the relationship be construed as any type of legal relationship under which the actions or inactions of either party could result in any liability for the other party. Trainer is solely responsible for payment of all taxes that are required to be paid hereunder and, if a real person acknowledges that Trainer and/or its Staff has no right or claim on any employee benefits of (MTEC). Nothing herein shall be deemed to confer upon Trainer any authority, express or implied, to bind (MTEC) or to represent to any third party that Trainer is acting either as a representative of, or in any capacity for, (MTEC).

8. Governing Law and Jurisdiction

Subject to Clause 9 this AGREEMENT shall be governed by and construed in accordance with Indian law and shall be subject to the exclusive jurisdiction of the courts at Hyderabad.

9. Escalation of Disputes

Any dispute arising out of or in connection with this AGREEMENT shall be referred by written notice:

(A) First to the authorized representative of each Party who shall meet and Endeavour to resolve the dispute between them within 5 business days of such notice; and

(B) Failing resolution of the dispute, to a senior representative of the Trainer and a senior representative of (MTEC) (together the "Senior Representatives") who shall meet and Endeavour to resolve the dispute between them within 10 business days of such notice (the "Senior Representatives' Meeting"). The joint written decision of those Senior Representatives shall be binding on the Parties.

(C) If the Senior Representatives of both the Parties are unable to resolve the dispute, the Parties shall, subject to Clause 9

(D) Below, have the right within 5 business days of the Senior Representatives' Meeting to refer the dispute to a sole arbitrator to be mutually appointed by the Parties in accordance with the rules of arbitration of Indian Council of Arbitration (ICA). The Parties agree to hold such arbitration as soon as possible and in any event within one month of the Senior Representative's meeting.

PRINCIPAL
MOTHER THERESSA
College of Engineering & Technology
PEDDAPALLI-505 174

(E) The arbitrator will conduct proceedings under this Clause 9 (d) in accordance with the Guidelines/Rules of Arbitration as issued by ICA from time to time at Hyderabad and subject to the provisions of the Arbitration and Conciliation Act, 1996 and/or any modification or enactment thereto. The proceedings shall be conducted in English and the award made in pursuance thereof shall be binding on the Parties.

10. Miscellaneous

No provision of this Agreement may be altered or waived except in writing signed by the parties. No waiver of any condition or provision shall be deemed a waiver of the right to enforce such provision or related or similar provision in the future. The invalidity of any provision or provisions of this Agreement shall not affect the validity of other provisions which shall remain in full force and effect.

Assignment:

This Agreement shall not be assigned by the (MTEC) without the prior written consent of Trainer, but nothing in this Agreement shall prevent or restrict Trainer from assigning, sub-licensing, transferring or otherwise disposing of all or any of its rights or obligations hereunder to a (MTEC) Affiliate or to any legal entity which succeeds to all or part of the business or assets of (MTEC). Any attempted assignment in contravention of this Clause shall be null and void.

This Agreement shall be binding upon any successors in interest or title of the Parties.

Notices and Communications:

In proving service of a notice or document under this Agreement it shall be sufficient to prove that an envelope containing the notice or document was properly addressed and delivered by courier or posted as a prepaid, first class or airmail, recorded delivery letter:

MEMORANDUM OF UNDERSTANDING

BETWEEN

MOTHER TERESSA COLLEGE OF ENGINEERIG & TECHNOLOGY, PEDDAPALLI

AND

TRINITY COLLEGE OF ENGINEERING AND TECHNOLOGY, PEDDAPALLI

This **Memorandum of Understanding** is intended to promote inter college cooperation between the **MOTHER TERESSA COLLEGE OF ENGINEERIG & TECHNOLOGY, PEDDAPALLI** and **TRINITY COLLEGE OF ENGINEERING AND TECHNOLOGY, PEDDAPALLI** recognizing the benefits to their respective colleges from the establishment of institutional links, hereby agree to enter into this agreement for the following purpose.

1. PURPOSE OF AGREEMENT

The purpose of this agreement is to develop academic and educational cooperation, establish a collaborative program in Engineering and Management areas between the two institutions and to cooperate in their mutual interest for a range of higher educational activities.

2. AREAS OF COOPERATION

Subject to the availability of funds, resources and approval of the authorized representatives or Heads of the Department of **MOTHER TERESSA COLLEGE OF ENGINEERIG & TECHNOLOGY, PEDDAPALLI** and **TRINITY COLLEGE OF ENGINEERING AND TECHNOLOGY, PEDDAPALLI** both institutions agree to develop the following collaborative activities:.

- a. Conducting joint research and development project
- b. Cooperation in individual projects
- c. Organization of lectures, symposia, international meetings, conferences and workshops
- d. Exchange of information, teaching materials, technological and scientific publications
- e. Providing opportunities for professors to give lectures
- f. Search for opportunities to collaborate in the future
- g. To share Laboratory facilities

PRINCIPAL
MOTHER TERESSA
College of Engineering & Technology
PEDDAPALLI-505 174

3. **IMPLEMENTATION**

- 3.1 All programs or activities implemented under the terms of this Memorandum of Understanding shall be mutually agreed upon in writing, including the necessary budget for the program of activity as the need may arise.
- 3.2 Each of the participating institutions shall be fully responsible financially for the activities carried out under its direction or by its staff, except as otherwise agreed by the parties.
- 3.3 The parties will designate one officer each who will develop and coordinate specific programs or activities between them.

4. **INTELLECTUAL PROPERTY**

Intellectual property rights of work carried out at each partner institution shall normally vest with respective institution.

5. **DURATION AND RENEWAL OF AGREEMENT**

This Memorandum of Understanding will become effective immediately after signature by the representatives of both colleges for a period of **FIVE (5) Year** and is subject to revision or modification by mutual agreement.

6. **AMENDMENTS**

- 6.1 This Memorandum of Understanding may be amended by a written agreement signed by the representatives of both colleges.
- 6.2 In the event of any unforeseen incident during collaborative activities, both colleges agree to negotiate a mutually acceptable solution.
- 6.3 Should any disagreement arise out of the application, interpretation or implementation of this Agreement, the colleges shall endeavor to exercise best efforts to negotiate their differences.

7. **TERMINATION OF AGREEMENT**

This agreement may, at any time during its period of validity, be terminated by either party upon prior notice to the other in writing not later than **ONE(1) month** before termination date, provided that such termination shall not affect the completion of any program or activity underway at the time the notice of termination is given.

This memorandum of understanding (hereinafter called as the 'MOU') is entered into on this the 3rd day of January, 2023 (date in numerals), by and between **Mother Teresa College of Engineering and Technology (MTCET) and EPTECH Fluid for Industrial Needs: Elevating Placement Opportunities for Engineering Graduates**

In a landmark collaboration that underscores the intersection of academia and industry, Mother Teresa College of Engineering and Technology (MTCET) and EPTECH Fluid for Industrial Needs have formalized a Memorandum of Understanding (MoU). This strategic partnership is geared towards enhancing placement opportunities for engineering graduates, aligning academic prowess with the industrial demands of EPTECH Fluid.

1. Objectives of the MoU:

The overarching objective of this MoU is to establish a symbiotic relationship between MTCET and EPTECH Fluid, fostering a collaborative environment that benefits both institutions. MTCET, known for its commitment to producing skilled engineering professionals, seeks to fortify its curriculum with insights from EPTECH Fluid's industry experience. EPTECH Fluid, a leader in industrial fluid solutions, aims to tap into the talent pool nurtured by MTCET, recognizing the value of recruiting individuals with a strong foundation in engineering.

2. Placement Facilitation:

A cornerstone of this MoU is the joint commitment to facilitating placements for MTCET engineering graduates within EPTECH Fluid. The agreement outlines a collaborative approach to the placement process, encompassing on-campus recruitment drives, interviews, and placement talks. EPTECH Fluid's active participation in these activities ensures that students are presented with opportunities to showcase their skills and secure positions within the industrial fluid solutions domain.

Moreover, the MoU establishes a framework for industry-specific mock interviews, resume-building workshops, and skill development programs. These initiatives are tailored to equip students with the knowledge and expertise required for roles within EPTECH Fluid and similar industrial sectors.

PRINCIPAL
MOTHER THERESA
College of Engineering & Technology
PEDDAPALLI-505 174

3. Skill Enhancement Programs:

Recognizing the specialized nature of industrial fluid solutions, the MoU includes provisions for skill enhancement programs. EPTECH Fluid will collaborate with MTCET to identify and address specific skill gaps among students, ensuring that graduates are well-prepared for careers in the fluid solutions industry. Workshops, seminars, and training sessions will focus on both technical competencies and practical skills, aligning students with the nuanced requirements of the field.

This collaborative approach to skill development ensures that MTCET graduates are not only academically sound but also possess the practical know-how needed to excel in industrial settings.

4. Internship Opportunities:

The MoU formalizes EPTECH Fluid's commitment to providing internship opportunities for MTCET students. These internships are designed to offer students hands-on experience in industrial fluid solutions, allowing them to apply theoretical knowledge to real-world challenges. Interns will work closely with EPTECH Fluid professionals, gaining exposure to the intricacies of the industry and contributing to ongoing projects.

The internship program is structured to provide a comprehensive view of the fluid solutions domain, covering areas such as system design, maintenance, and optimization. EPTECH Fluid is dedicated to providing mentorship during internships, ensuring that students not only gain practical experience but also develop a deep understanding of the industrial context.

5. Collaborative Research Initiatives:

The MoU encourages collaborative research initiatives between MTCET faculty and EPTECH Fluid experts. This mutually beneficial engagement allows for the exchange of knowledge, fostering innovation and addressing industry challenges. Research projects may focus on advancements in fluid technology, sustainability practices, and optimization strategies, contributing to the academic and industrial knowledge base.

6. Industry-Academia Interaction:

To foster continuous learning and knowledge exchange, the MoU outlines plans for regular industry-academia interaction. This involves organizing guest lectures, seminars, and workshops

PRINCIPAL
MOTHER THERESSA
College of Engineering & Technology
PEDDAPALLI-505 174

conducted by EPTECH Fluid professionals. These interactions provide students with insights into the latest developments in industrial fluid solutions, exposing them to real-world applications and challenges.

Additionally, the MoU facilitates industrial visits, enabling students to observe the operational aspects of fluid solutions in industrial settings. Such experiences deepen students' understanding of industry practices and contribute to their overall professional development.

7. Periodic Review and Adaptability:

Recognizing the dynamic nature of both academia and industry, the MoU incorporates provisions for periodic reviews and adaptability. This ensures that the collaboration remains relevant and effective in addressing evolving industry needs and technological advancements.

Conclusion:

The MoU between MTCET and EPTECH Fluid for Industrial Needs signifies a strategic effort to align engineering education with the specialized requirements of the industrial fluid solutions sector. By combining academic rigor with industry insights, this collaboration aims to produce graduates who are not only technically proficient but also well-prepared for impactful roles in industrial settings. Through placements, skill development, internships, and collaborative research initiatives, the partnership creates a framework for a mutually beneficial relationship, benefiting students, institutions, and the industrial fluid solutions domain.

Memorandum of Understanding (MOU)

This MOU is Made and Executed from the Day of **4th December 2022** and valid till **4th December 2027** **PALLE TECHNOLOGIES**, a Registered Company, in Karnataka under The Companies Act 1956, having its registered office at #15/6,3rd Floor, Manish Complex, Mangammanapalya Main Road, HSR Layout Bangalore-560068. Karnataka INDIA here in after referred to as the “Party1”

And

Mother Theresa college of Engineering & Technology is Educational institution, inTelangana, India, affiliated to JNTUH. The college is located in P.P.Colony (PO) Peddabonkuru (Vill), Peddapalli Dist-505174, Telangana. “Party2”.

Palle Technologies Bangalore and Mother Theresa college of Engineering & Technology shall be hereinafter being collectively referred to as “Parties” and individually as “Party1 OR Party2”.

WHEREAS:

Mother Theresa college of Engineering & Technology is specialized in providing value-added, holistic engineering education to students at affordable costs, in conducive academic ambience, leading to Personality development and Intellectual Growth

PALLE TECHNOLOGIES is a company based at Bangalore providing Information Technology Solutions, Software Development, Product Development, and Corporate Training to Clients in varied industry sector, and Hands-on Technology Training, on cutting edge technologies to prepare students knowledge capability as per IT industry expectations.

Introducing Palle Technologies and Corporate Social Responsibility Program

Palle Technologies is engaged with Large Corporate and Mid-segment companies offering highquality Software Development, Corporate Trainingand Services, since 2010.

With our quality Software development and Training Services, we have emerged as a leader inSoftware Development and Training services having astrong workforce of 350+ technocrats deployed on multiple client projects on various domains.

We play a role of Strategic partners with our clients supporting them in theirendeavor to success

PRINCIPAL
MOTHER THERESSA
College of Engineering & Technology

Our Guiding Principles

We pursue the highest quality in Software Development and Training Services by ensuring deliverables are relevant and exceed industry standards

The members of Management Team are Experts and highly Experienced in the Domain areas of software development, Training Design aligning to IT Industry Requirements, Mentoring Fresher's to think out of the box, by developing their key capabilities in the area of Analysis and Design of Software Applications.

Our Services Offering

Palle Technologies delivers IT Products and Projects to help our clients, Envision, Build, Manage and Efficiently, Digitally Transform Business towards Growth

Some of Leading domains we work on is Banking and Finance, HealthCare, Logistics, SCM, CRM etc. Our Business Solutions are inbuilt with Analytics and AI tools helping managers and management team in decision making.

Through years of experience engaging with IT Companies for offering Corporate Training & Project Services. We understand the expected Technology Expertise and known Knowledge areas required to be known by the Students to work in an IT Company.

Hence We design our training as per IT Industry Requirements.

We offer our services to 5900+ IT clients, some of the featured clients are Tech Mahindra, Honeywell, Accenture, Wipro, Cognizant Technologies, Infosys etc.

Eligibility criteria for students to participate in the Training and Placement Program (under CSR).

Education: CSE/IT/IS/EEE/ECE/MCA

(They get selected in the program on their upcoming semester)

Mode of interview: Online

Round 1: Online aptitude test

Round 2: Logical round (F2F)

Round 3: HR round

(telephonic)

Date of interview: we will update you in the due course of training and placement program through mail and Selected students will be on-boarded for our free Training and Placement and Placement Program.

Post selection process

- ✓ Student will be given letter of intent on selection.
- ✓ Student will undergo 3.5 to 4 months of rigorous aptitude & technology training.
- ✓ Selected student can select either java full stack or python full stack or Testing courses
- ✓ Student will undergo daily 1 to 2 hours of online live interactive sessions conducted by highly experienced (above 12+ yrs industry experience) mentors who will guide the students in various aspects of coding, technical and aptitude areas to achieve success in the interview process of MNC companies.
- ✓ Training is conducted using zoom application, live sessions
- ✓ Student is expected to have 100% attendance for training, assignments, and mock interviews to get eligibility for free placements.
- ✓ Student who have less than 80% of attendance will be dropped from the program.
- ✓ CTC will range from 3 LPA to 8 LPA.
- ✓ Students will be eligible for unlimited interview schedules until they get placed in 1st company for the duration of 9 months from the day one of Training.
- ✓ Once the student gets placed he will not get further interview.
- ✓ There will be no fee charged from students, for training and placement either before or after the program, as program is under CSR.

✓Program is valid for the duration of 9 months from date of Joining.

Role: Software Engineer

Clients: Palle Technologies is tied up with more than 5900+ clients @Bangalore and PAN India. some of the featured clients are Tech Mahindra,Honeywell, Accenture, Wipro, Cognizant Technologies (CTS), Infosys etc.

We also offer gamut of Services to our Clients like

1. Software Development, Business Process Re-Engineering, Outsourced Product Development,Strategic Partnership using cutting edge technologies and tools.
2. Currently providing IT business Solutions for large US and UK clients in theindustry domainof Finance and Banking, Health Care etc.
3. Palle Technologies will assure Minimum selections of 10 students for 100 participants

NOW THEREFORE THESE PRESENTS WITNESSES AND THE PARTIES HEREBY AGREE ASFOLLOWS:

1. The scope of this MOU is to provide a framework of reference to build a strong and on- going relationship between **Mother Theresa college of Engineering & Technology** and **PALLE TECHNOLOGIES** collaborate on areas of mutual interest and benefit.
2. **Mother Theresa college of Engineering & Technology and PALLE TECHNOLOGIES – To Facilitate and Conduct Technology Training andPlacement under Palle Technologies CSR Program.**

Agreement Validity:

3. This MOU shall come in to effect from date of execution of agreement and shall remain in effect for a period of 5 Years that is from **4th December 2022** to **4th December 2027**. After this period MOU can be further extended on mutual agreement.

MEMORANDUM OF UNDERSTANDING

In a significant stride towards fostering collaborative ties between academia and industry, Mother Teresa College of Engineering and Technology (MTCET) and Sunsolv Technologies have entered into a Memorandum of Understanding (MoU). This strategic partnership is designed to enrich the educational experience of MTCET students by providing enhanced training, internship, and placement opportunities, aligning academic learning with real-world industry demands.

MOU Signed at **Mother Theresa College Of Engineering And Technology**, on 4th June 2022 for the period of Five years.

Objectives of the MoU:

The primary objective of this MoU is to create a symbiotic relationship where both institutions mutually benefit from each other's expertise. MTCET, known for its commitment to academic excellence, aims to enhance its students' practical skills and employability by leveraging Sunsolv Technologies' industry insights. Sunsolv Technologies, a forward-thinking technology company, seeks to tap into the pool of talent nurtured by MTCET and contribute to shaping future industry leaders.

Training Initiatives :

Under the MoU, Sunsolv Technologies will collaborate with MTCET to design and conduct specialized training programs. These programs will be tailored to bridge the gap between academic curriculum and industry requirements. This training will cover cutting-edge technologies, industry best practices, and soft skills essential for professional success. The goal is to equip students with a well-rounded skill set that meets the dynamic needs of the technology sector.

Internship Opportunities:

The agreement outlines a framework for Sunsolv Technologies to provide internship opportunities to MTCET students. These internships will offer a hands-on learning experience, allowing students to apply theoretical knowledge to real-world projects. The practical exposure gained during internships is crucial for students' holistic development, enhancing their problem-solving abilities and preparing them for the challenges of the professional world.

PRINCIPAL
MOTHER THERESSA
College of Engineering & Technology
PEDDAPALLI-505 174

Sunsolv Technologies commits to providing a supportive environment during internships, ensuring that students receive mentorship and guidance from experienced professionals. This mentorship aspect aims to nurture a collaborative spirit, encouraging knowledge exchange between seasoned industry experts and aspiring young minds.

Placement Drives:

A pivotal aspect of the MoU is the collaborative effort in organizing placement drives. Sunsolv Technologies will actively participate in MTCET's placement activities, conducting recruitment drives, on-campus interviews, and placement talks. This engagement aims to facilitate a seamless transition for MTCET graduates into the workforce, connecting them with employment opportunities that align with their skills and career goals.

The MoU recognizes the importance of creating a conducive platform for interaction between students and industry professionals. To achieve this, joint events such as seminars, workshops, and industry visits will be organized. These initiatives aim to expose students to the corporate environment, providing insights into industry trends, challenges, and expectations.

Periodic Review and Adaptability:

Acknowledging the dynamic nature of both academia and industry, the MoU includes provisions for periodic reviews and updates. This ensures that the collaboration remains relevant and effective in addressing evolving industry needs and technological advancements. The adaptability of the MoU reflects the commitment of both institutions to continuous improvement and innovation.

Conclusion:

The MoU between MTCET and Sunsolv Technologies symbolizes a proactive approach towards preparing students for successful careers in the technology sector. By blending academic rigor with practical industry exposure, this collaboration aims to produce well-rounded professionals who can thrive in the rapidly evolving technological landscape. Through training, internships, and placements, the MoU creates a framework for sustained collaboration, benefiting students, academia, and industry alike. The partnership sets the stage for a transformative educational experience, shaping the future workforce and contributing to the growth and innovation in the technology sector.

COLLEGE, and INDUSTRY hereby acknowledge, COLLEGE and INDUSTRY hereby agrees to sign a memorandum of understanding (MOU) on this the **01 st day of JULY, 2021** (For 5 years) at place Hanamkonda.

ARTICLE-I: SCOPE OF THE MOU

This MoU details the modalities and general conditions regarding collaboration between COLLEGE and INDUSTRY for enhancing, within the country, the availability of highly qualified manpower in the areas of Electrical, Electronics, Robotics, Artificial Intelligence and related fields.

Without any prejudice to prevailing rules and regulations in COLLEGE and INDUSTRY without any disregard to any mechanism evolved and approved by the competent authorities under Govt. of India in so far as such mechanism applies to COLLEGE and INDUSTRY. The areas of cooperation can be extended through mutual consent.

ARTICLE-II: SCOPE AND TERMS OF INTERACTIONS

Both COLLEGE and INDUSTRY shall encourage interactions between the Engineers, faculty members and students of both the organizations through the following arrangements:

- a) Exchange of personnel through deputation as per the rules of the respective institute, for limited periods as mutually agreed upon;
- b) Organization of joint conferences , Workshops and seminars;
- c) Practical training of COLLEGE students at INDUSTRY;
- d) Joint guidance of student projects/thesis is on Electrical, Electronics, Computers, Robotics, Artificial Intelligence and related fields and other areas of national interest at COLLEGE by INDUSTRY on mutually agreeable terms.

ARTICLE-III : SHARING OF FACILITIES

- a) COLLEGE and INDUSTRY shall make provisions to share their respective important technical R&D facilities in order to promote academic and research interaction in the areas of cooperation.
- b) COLLEGE and INDUSTRY shall permit the sharing software and other materials and components developed in-house in the areas of cooperation, if permissible within the rules governing the two institutions. However, responsibility

PRINCIPAL
MOTHER THERESSA
College of Engineering & Technology
PEDDAPALLI-505 174

for safety of software and other materials during the exchange will rest on respective Head of academic department/section.

ARTICLE-IV: CO-ORDINATION OF THE PROGRAMME INCLUDING FINANCIAL ARRANGEMENTS

- a) The collaborative programme between COLLEGE and INDUSTRY shall be coordinated by a coordination committee appointed by Directors of both the Institutes.
- b) Financial arrangements for each specific collaboration will be decided on a case to case basis and brought on record in each case after due approval from heads of both the Institutions.

ARTICLE-V : EFFECTIVE DATE AND DURATION OF MOU

- a) This MoU shall be effective from the date of its approval by competent authorities at both ends.
- b) The duration of the MoU shall be for a period of 5 years from the effective date.
- c) During its tenancy, the MoU may be extended or terminated by a prior notice of not less than six months by either party. However, termination of the MoU will not in any manner affect the interests of the students/faculty/scientists who have been admitted to pursue a programme under the MoU.
- d) Any clause or article of the MoU may be modified or amended by mutual agreement of INDUSTRY and COLLEGE.

ARTICLE-VI : IPR

Rights regarding publications, patents, royalty, ownership of software/design/product developed etc. under the scope of this MoU, shall be decided by the two parties by mutual consent.

ARTICLE-VII: CONFIDENTIALITY

During the tenure of the MoU both COLLEGE and INDUSTRY will maintain strict confidentiality and prevent disclosure of all the information and data exchanged under the scope of this MoU for any purpose other than in accordance with this MoU. Both COLLEGE and INDUSTRY shall bind their respective personnel who come into possession or knowledge of any confidential information not to disclose the same to third parties without written approval of the disclosing party or use such confidential information for any use other than intended under this agreement or PROJECTS. Further both COLLEGE and INDUSTRY shall put in place adequate and reasonable measures to keep and store confidential information secure so as to prevent any unauthorized use.

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MOU, THE PARTIES HERE TO AGREE AS FOLLOWS:

CLAUSE 1 CO-OPERATION

- 1.1 Both parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations within the institution and its related wings. The parties shall keep each other informed of potential opportunities and shall share all information that may be relevant to secure additional opportunities for one another.
- 1.2 First party and second party co-operation will facilitate effective utilization of the intellectual capabilities of the faculty of first party providing significant inputs to them in developing suitable teaching / training systems, keeping in mind the needs of the industry, the second party.
- 1.3 The general terms of co-operation shall be governed by this MOU. The parties shall cooperate with each other and shall, as promptly as is reasonably practical, enter into all relevant agreements, deeds and documents (the 'definitive documents') as may be required to give effect to the actions contemplated in terms of this MOU. The term of definitive documents shall be mutually decided between the parties. Along with the definitive documents, this MOU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the parties on the subject matter hereof.

CLAUSE 2 SCOPE OF THE MOU

- 2.1 The budding graduates from the institutions could play a key role in technological up-gradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.
- 2.2 **Curriculum Design:** second party will give valuable inputs to the first party in teaching / training methodology and suitably customize the curriculum so that the students fit into the industrial scenario meaningfully.
- 2.3 **Industrial Training & Visits:** industry and institution interaction will give an insight in to the latest developments / requirements of the industries; the second party to permit the faculty and students of the first party to visit its group companies and also involve in industrial training programs for the first party. The industrial training and exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition from academic to working career. The second party will provide its labs / workshops / industrial sites for the hands-on training of the learners enrolled with the first party.
- 2.4 **Research and Development:** both parties have agreed to carry out the joint research activities in the fields of corporate training activities and services.
- 2.5 **Skill Development Programs:** second party to train the students of first party on the emerging technologies in order to bridge the skill gap and make them industry ready.

PRINCIPAL
MOTHER THERESSA
College of Engineering & Technology

- 2.6 **Guest Lectures:** second party to extend the necessary support to the students of

the first party on the technology trends and in/out house requirements.

2.7 Both parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required for offering the programmes on the terms specified herein

2.8 There is no financial commitment on the part of the **MOTHER THERESSA COLLEGE OF ENGINEERING AND TECHNOLOGY** the first party to take up any programme mentioned in the MOU. If there is any financial consideration, it will be dealt separately.

CLAUSE 3

INTELLECTUAL PROPERTY

3.1 Nothing contained in this MOU shall, by express grant, implication, estoppel or otherwise, create in either party any right, title, interest, or license in or to the intellectual property (including but not limited to know-how, inventions, patents, copy rights and designs) of the other party.

CLAUSE 4

VALIDITY

4.1 This agreement will be valid until it is expressly terminated by either party on mutually agreed terms, during which period name of industry, the second party, as the case may be, will take effective steps for implementation of this MOU. Any act on the part of training partner or name of industry, the second party after termination of this agreement by way of communication, correspondence etc., shall not be construed as an extension of this MOU.

4.2 Both parties may terminate this MOU upon 45 calendar days' notice in writing. In the event of termination, both parties have to discharge their obligations.

CLAUSE 5

RELATIONSHIP BETWEEN THE PARTIES

5.1 It is expressly agreed that first party and second party are acting under this MOU as independent contractors, and the relationship established under this MOU shall not be construed as a partnership. Neither party is authorized to use the other party's name in any way, to make any representations or create any obligation or liability, expressed or implied, on behalf of the other party, without the prior written consent of the other party. Neither party shall have, nor represent itself as having, any authority under the terms of this MOU to make agreements of any kind in the name of or binding upon the other party, to pledge the other party's credit, or to extend credit on behalf of the other party.

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MOU, THE PARTIES HERE TO AGREE AS FOLLOWS:

**CLAUSE 1
CO-OPERATION**

- 1.1 Both parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations within the institution and its related wings. The parties shall keep each other informed of potential opportunities and shall share all information that may be relevant to secure additional opportunities for one another.
- 1.2 First party and second party co-operation will facilitate effective utilization of the intellectual capabilities of the faculty of first party providing significant inputs to them in developing suitable teaching / training systems, keeping in mind the needs of the industry, the second party.
- 1.3 The general terms of co-operation shall be governed by this MOU. The parties shall cooperate with each other and shall, as promptly as is reasonably practical, enter into all relevant agreements, deeds and documents (the 'definitive documents') as may be required to give effect to the actions contemplated in terms of this MOU. The term of definitive documents shall be mutually decided between the parties. Along with the definitive documents, this MOU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the parties on the subject matter hereof.

**CLAUSE 2
SCOPE OF THE MOU**

- 2.1 The budding graduates from the institutions could play a key role in technological up-gradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.
- 2.2 **Curriculum Design:** second party will give valuable inputs to the first party in teaching / training methodology and suitably customize the curriculum so that the students fit into the industrial scenario meaningfully.
- 2.3 **Industrial Training & Visits:** industry and institution interaction will give an insight in to the latest developments / requirements of the industries; the second party to permit the faculty and students of the first party to visit its group companies and also involve in industrial training programs for the first party. The industrial training and exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition from academic to working career. The second party will provide its labs / workshops / industrial sites for the hands-on training of the learners enrolled with the first party.

PRINCIPAL
MOTHER THERESA
College of Engineering & Technology
PEDDAPALLI-505 174

- 2.4 **Research and Development:** both parties have agreed to carry out the joint research activities in the fields of corporate training activities and services.
- 2.5 **Skill Development Programs:** second party to train the students of first party on the emerging technologies in order to bridge the skill gap and make them industry ready.
- 2.6 **Guest Lectures:** second party to extend the necessary support to deliver guest lectures to the students of the first party on the technology trends and in/out house requirements.
- 2.7 Both parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required for offering the programmes on the terms specified herein
- 2.8 There is no financial commitment on the part of the **MOTHER THERESSA COLLEGE OF ENGINEERING AND TECHNOLOGY** the first party to take up any programme mentioned in the MOU. If there is any financial consideration, it will be dealt separately.

CLAUSE 3 INTELLECTUAL PROPERTY

3.1 Nothing contained in this MOU shall, by express grant, implication, estoppel or otherwise, create in either party any right, title, interest, or license in or to the intellectual property (including but not limited to know-how, inventions, patents, copy rights and designs) of the other party.

CLAUSE 4 VALIDITY

4.1 This agreement will be valid for 5 years or until it is expressly terminated by either party on mutually agreed terms, during which period name of industry, the second party, as the case may be, will take effective steps for implementation of this MOU. Any act on the part of training partner or name of industry, the second party after termination of this agreement by way of communication, correspondence etc., shall not be construed as an extension of this MOU.

4.2 Both parties may terminate this MOU upon 45 calendar days' notice in writing. In the event of termination, both parties have to discharge their obligations.

CLAUSE 5 RELATIONSHIP BETWEEN THE PARTIES

5.1 It is expressly agreed that first party and second party are acting under this MOU as independent contractors, and the relationship established under this MOU shall not be construed as a partnership. Neither party is authorized to use the other party's name in any way, to make any representations or create any obligation or liability, expressed or implied, on behalf of the other party, without the prior written consent of the other party. Neither party

PRINCIPAL
MOTHER THERESSA

shall have, nor represent itself as having, any authority under the terms of this MOU to make agreements of any kind in the name of or binding upon the other party, to pledge the other party's credit, or to extend credit on behalf of the other party.

First Party

Second Party

Any divergence or difference derived from the interpretation or application of the MOU shall be resolved by arbitration between the parties as per the arbitration act, 1996. The place of the arbitration shall be at district head quarters of the first party. This undertaking is to be construed in accordance with indian law with exclusive jurisdiction in the courts of name of city.

MEMORANDUM OF UNDERSTANDING

MOU Signed between Mother Theresa College Of Engineering Technology, Peddapalli- 505172, Telangana and Dream Step Software Innovations Pvt. Ltd Rajahmundry.

MOU Signed at Mother Theresa College Of Engineering Technology, on 10th June 2018 for the period of one year up to 10th June 2023.

Mother Theresa College Of Engineering Technology, has entered into a Memorandum of Understanding (MoU) with Dream Step Software Innovations Pvt.Ltd for promoting and reinforcing cooperation, mutual exchange of Information and Technological know- how, joint collaborative Consultancy work in R&D, curriculum development, internships and placements, infrastructure development, improvement of research and academic programmes and also exchange of experts and researchers.

The signing ceremony was done at Mother Theresa College Of Engineering Technology, on 10th June 2018 in the presence of the officials from Mother Theresa College Of Engineering Technology and Dream Step Software Innovations Pvt.Ltd for the signing of the MoU, Mother Theresa College Of Engineering Technology was represented by all department HODs, Principal, while Dream step Software Innovations Pvt.Ltd was represented by its CEO, Mr. M.Sunil Kumar.

1. Purpose:

1.1 Benefits to students of Mother Theresa College Of Engineering Technology.

1.1.1 Opportunity to emerge as one of the competent entities in the academic circles in research and development in the area of Computer Science & Engineering

1.1.2 Opportunity to be recognized by the industry and academic circles as one of the preferred locations for acquiring training and skills development in latest technology.

1.1.3 Opportunity to utilise the Program to train students on various Software products and technologies.

1.1.4 Opportunity for the faculty and students of Mother Theresa College Of Engineering Technology design world class curriculum capable of delivering the caliber of IT skills required at present and also for the future.

MEMORANDUM OF UNDERSTANDING BETWEEN

**MOTHER TERESSA COLLEGE OF ENGINEERIG & TECHNOLOGY,
PEDDAPALLI**

AND

TRINITY COLLEGE OF ENGINEERING AND TECHNOLOGY, KARIMNAGAR

This **Memorandum of Understanding** is intended to promote inter college cooperation between the **MOTHER TERESSA COLLEGE OF ENGINEERIG & TECHNOLOGY, PEDDAPALLI.** and **TRINITY COLLEGE OF ENGINEERING AND TECHNOLOGY, KARIMNAGAR** recognizing the benefits to their respective colleges from the establishment of institutional links, hereby agree to enter into this agreement for the following purpose.

1. PURPOSE OF AGREEMENT

The purpose of this agreement is to develop academic and educational cooperation, establish a collaborative program in Engineering and Management areas between the two institutions and to cooperate in their mutual interest for a range of higher educational activities.

2. AREAS OF COOPERATION

Subject to the availability of funds, resources and approval of the authorized representatives or Heads of the Department of **MOTHER TERESSA COLLEGE OF ENGINEERIG & TECHNOLOGY, PEDDAPALLI** and **TRINITY COLLEGE OF ENGINEERING AND TECHNOLOGY, KARIMNAGAR** both institutions agree to develop the following collaborative activities:

- a. Conducting joint research and development project
- b. Cooperation in individual projects
- c. Organization of lectures, symposia, international meetings, conferences and workshops
- d. Exchange of information, teaching materials, technological and scientific publications
- e. Providing opportunities for professors to give lectures
- f. Search for opportunities to collaborate in the future
- g. To share Laboratory facilities

3. **IMPLEMENTATION**

- 3.1 All programs or activities implemented under the terms of this Memorandum of Understanding shall be mutually agreed upon in writing, including the necessary budget for the program of activity as the need may arise.
- 3.2 Each of the participating institutions shall be fully responsible financially for the activities carried out under its direction or by its staff, except as otherwise agreed by the parties.
- 3.3 The parties will designate one officer each who will develop and coordinate specific programs or activities between them.

4. **INTELLECTUAL PROPERTY**

Intellectual property rights of work carried out at each partner institution shall normally vest with respective institution.

5. **DURATION AND RENEWAL OF AGREEMENT**

This Memorandum of Understanding will become effective immediately after signature by the representatives of both colleges for a period of **FIVE (5) Years** and is subject to revision or modification by mutual agreement.

6. **AMENDMENTS**

- 6.1 This Memorandum of Understanding may be amended by a written agreement signed by the representatives of both colleges.
- 6.2 In the event of any unforeseen incident during collaborative activities, both colleges agree to negotiate a mutually acceptable solution.
- 6.3 Should any disagreement arise out of the application, interpretation or implementation of this Agreement, the colleges shall endeavor to exercise best efforts to negotiate their differences.

7. **TERMINATION OF AGREEMENT**

This agreement may, at any time during its period of validity, be terminated by either party upon prior notice to the other in writing not later than ONE(1) month before termination date, provided that such termination shall not affect the completion of any program or activity underway at the time the notice of termination is given.

MEMORANDUM OF UNDERSTANDING

Memorandum of Understanding (MoU) between Mother Teresa College of Engineering and Technology (MTCET) and SV IT Solutions: Strengthening Placement Opportunities

MOU Signed at **Mother Theresa College Of Engineering And Technology**, on 5th May 2018 for the period of Five years

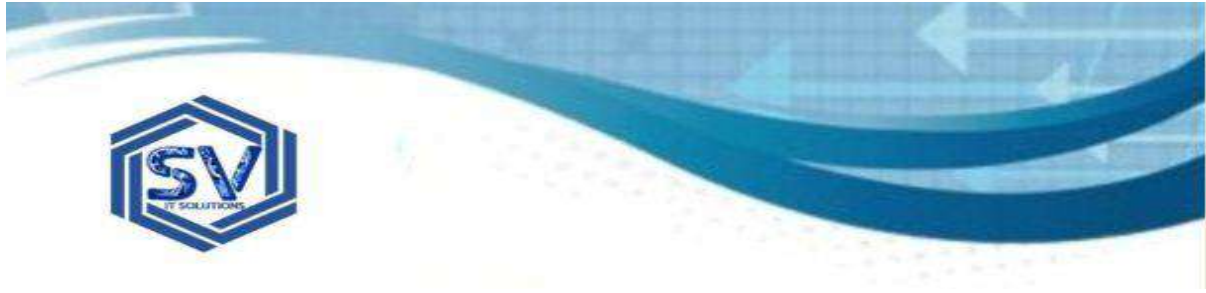

Mother Teresa College of Engineering and Technology (MTCET) and SV IT Solutions have entered into a strategic Memorandum of Understanding (MoU) to enhance placement opportunities for engineering graduates. This collaboration aims to bridge the gap between academia and industry, fostering a seamless transition for MTCET students into the dynamic IT sector.

The primary objective of this MoU is to facilitate placements for MTCET graduates within SV IT Solutions. SV IT Solutions commits to actively participating in placement processes, conducting recruitment drives, interviews, and placement talks on the MTCET campus. This collaboration ensures that students are exposed to industry professionals, providing them with valuable insights into the IT landscape and offering a platform to showcase their skills.

The MoU also outlines a structured approach to skill development, incorporating mock interviews, resume-building workshops, and industry-specific training programs. SV IT Solutions aims to contribute to the holistic development of MTCET students, preparing them for successful careers in the IT industry.

The placement collaboration is designed to be dynamic and responsive to industry needs. Periodic reviews and adaptability are integral components of the MoU, ensuring that the partnership remains effective and relevant in the fast-evolving IT sector. MTCET and SV IT Solutions are committed to working closely to provide students with the best possible opportunities for growth and success in their professional endeavors.

In conclusion, this MoU symbolizes the commitment of MTCET and SV IT Solutions to empowering engineering graduates with the skills and opportunities needed to thrive in the competitive IT landscape. The collaboration sets the stage for a fruitful partnership that benefits both institutions and, most importantly, the aspiring engineers seeking rewarding careers in the IT sector.

MEMORANDUM OF UNDERSTANDING

A Memorandum of Understanding (MoU) marks the collaborative commitment between Mother Theresa College of Engineering and Technology (MTCET) and Adya Technologies, forging a strategic partnership to enhance placement opportunities for students. This agreement, rooted in mutual goals and shared values, signifies a pivotal step towards fostering industry-academic collaboration.

MOU Signed at Mother Theresa College Of Engineering Technology, on 4th March 2018 for the period of one year up to 4th March 2023.

The primary objective of this MoU is to bridge the gap between academia and industry, facilitating a seamless transition for students from the educational realm to the professional arena. MTCET, known for its academic excellence and commitment to producing skilled engineers, seeks to strengthen its placement ecosystem through this strategic alliance.

Adya Technologies, a dynamic player in the technology sector, recognizes the value of recruiting top-tier talent from reputed educational institutions. By entering into this partnership, Adya Technologies aims to tap into the pool of qualified and capable individuals nurtured by MTCET. The company is committed to providing students with exposure to real-world challenges, enabling them to apply theoretical knowledge in practical scenarios.

One of the key components of this MoU is the establishment of a structured internship program. Adya Technologies will offer internship opportunities to MTCET students, allowing them to gain hands-on experience in a professional setting. This experiential learning will not only enhance students' practical skills but also make them industry-ready upon graduation.

PRINCIPAL
MOTHER THERESSA
College of Engineering & Technology
PEDDAPALLI-505 174

The MoU outlines the parameters for a collaborative placement process, where Adya Technologies will actively participate in recruitment drives conducted by MTCET. This involvement may include on-campus recruitment events, placement talks, and interviews. The aim is to provide a platform for students to interact with industry professionals, understand the corporate landscape, and secure employment opportunities that align with their career aspirations.

Furthermore, the agreement emphasizes knowledge exchange initiatives, such as guest lectures, workshops, and seminars conducted by Adya Technologies professionals at MTCET. This collaborative approach ensures that students are exposed to the latest industry trends, technologies, and best practices, making them more competitive in the job market.

In conclusion, the MoU between MTCET and Adya Technologies is a testament to the commitment of both institutions to the holistic development of students. It paves the way for a symbiotic relationship, where academia and industry converge to nurture talent, foster innovation, and contribute to the overall growth of the engineering and technology sector. Through this collaboration, students at MTCET are poised to embark on a journey that seamlessly integrates their academic learning with real-world applications, setting the stage for successful and fulfilling careers in the technology industry.

7. Give related information, its branches, and dimensional information about the industry concerned with whom the MOU is sworn.

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MOU, THE PARTIES HERE TO AGREE AS FOLLOWS:

**CLAUSE 1
CO-OPERATION**

- 1.1 Both parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations within the institution and its related wings. The parties shall keep each other informed of potential opportunities and shall share all information that may be relevant to secure additional opportunities for one another.
- 1.2 First party and second party co-operation will facilitate effective utilization of the intellectual capabilities of the faculty of first party providing significant inputs to them in developing suitable teaching / training systems, keeping in mind the needs of the industry, the second party.
- 1.3 The general terms of co-operation shall be governed by this MOU. The parties shall cooperate with each other and shall, as promptly as is reasonably practical, enter into all relevant agreements, deeds and documents (the 'definitive documents') as may be required to give effect to the actions contemplated in terms of this MOU. The term of definitive documents shall be mutually decided between the parties. Along with the definitive documents, this MOU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the parties on the subject matter hereof.

**CLAUSE 2
SCOPE OF THE MOU**

- 2.1 The budding graduates from the institutions could play a key role in technological up-gradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.
- 2.2 **Curriculum Design:** second party will give valuable inputs to the first party in teaching / training methodology and suitably customize the curriculum so that the students fit into the industrial scenario meaningfully.
- 2.3 **Industrial Training & Visits:** industry and institution interaction will give an insight in to the latest developments / requirements of the industries; the second party to permit the faculty and students of the first party to visit its group companies and also involve in industrial training programs for the first party. The industrial training and

exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition from academic to working career. The second party will provide its labs / workshops / industrial sites for the hands-on training of the learners enrolled with the first party.

- 2.4 **Research and Development:** both parties have agreed to carry out the joint research activities in the fields of corporate training activities and services.
- 2.5 **Skill Development Programs:** second party to train the students of first party on the emerging technologies in order to bridge the skill gap and make them industry ready.
- 2.6 **Guest Lectures:** second party to extend the necessary support to deliver guest lectures to the students of the first party on the technology trends and in/out house requirements.
- 2.7 Both parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required for offering the programmes on the terms specified herein
- 2.8 There is no financial commitment on the part of the **MOTHER THERESSA COLLEGE OF ENGINEERING AND TECHNOLOGY**, the first party to take up any programme mentioned in the MOU. If there is any financial consideration, it will be dealt separately.

CLAUSE 3 INTELLECTUAL PROPERTY

3.1 Nothing contained in this MOU shall, by express grant, implication, estoppel or otherwise, create in either party any right, title, interest, or license in or to the intellectual property (including but not limited to know-how, inventions, patents, copy rights and designs) of the other party.

CLAUSE 4 VALIDITY

- 4.1 This agreement will be valid for 5 years or until it is expressly terminated by either party on mutually agreed terms, during which period name of industry, the second party, as the case may be, will take effective steps for implementation of this MOU. Any act on the part of training partner or name of industry, the second party after termination of this agreement by way of communication, correspondence etc., shall not be construed as an extension of this MOU.
- 4.2 Both parties may terminate this MOU upon 45 calendar days' notice in writing. In the event of termination, both parties have to discharge their obligations.

PRINCIPAL
MOTHER THERESSA
College of Engineering & Technology
PEDDAPALLI-505 174

**CLAUSE 5
RELATIONSHIP BETWEEN THE PARTIES**

5.1 It is expressly agreed that first party and second party are acting under this MOU as independent contractors, and the relationship established under this MOU shall not be construed as a partnership. Neither party is authorized to use the other party's name in any way, to make any representations or create any obligation or liability, expressed or implied, on behalf of the other party, without the prior written consent of the other party. Neither party shall have, nor represent itself as having, any authority under the terms of this MOU to make agreements of any kind in the name of or binding upon the other party, to pledge the other party's credit, or to extend credit on behalf of the other party.

First Party

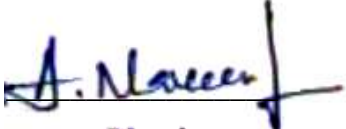

Second Party

Any divergence or difference derived from the interpretation or application of the MOU shall be resolved by arbitration between the parties as per the arbitration act, 1996. The place of the arbitration shall be at district head quarters of the first party. This undertaking is to be construed in accordance with indian law with exclusive jurisdiction in the courts of name of city.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (in Short “MOU”) is entered into this 12th day of February, 2018 by and between

- (1) **NEWZEN INFOTECH**, a company registered under the Companies Act 1956 and having its registered office at 2nd Floor, Green Square Plaza, Opp: Geethabavan, Karimnagar, Telangana, India. , here in after called “**Trainer**”
- (2) **MOTHER THERESSA COLLEGE OF ENGINEERING AND TECHNOLOGY**, (in Short “**MTEC**”), affiliated to JNTU-H, TS and approve by AICTE, New Delhi, and having its registered office Address at Peddapalli, Peddapalli (District), Telangana 505 174.

1. Training Services

In consideration of the payment by (**MTEC**) to the Trainer, Trainer hereby agrees to provide such Internships, training services and services related to Academic Projects as shall be reasonably requested including the topics and any deliverables, and at the location(s) specified in the Appendix -here to (hereinafter “Services”).

2. Term and Termination

This Agreement shall be effective as of the date shown in the Appendix hereto, or if none, as of the date first shown above, and shall continue for the period shown on the Appendix. After such term, or if none is shown at any time, (**MTEC**) may terminate this Agreement on 7 days’ prior written notice to Trainer. Not with standing anything contained in this agreement, (**MTEC**) will have the right to terminate this agreement without cause at any time by giving a prior written notice of 7 days to the Trainer. In such case of termination proportionate amount should be paid by (**MTEC**) (based on the no of days training).

3. Confidentiality

3.1 In consideration of the Confidential Information supplied to it by (**MTEC**), Trainer agrees that it shall keep (**MTEC**)’s Information confidential, and shall not, in any manner use, copy, reproduce or disclose such Confidential Information (and shall use all reasonable efforts to prevent any such disclosure) except as permitted in clause 3.2 of this Agreement.

3.2 “Confidential Information” means, in the case of (**MTEC**), any business, employee or Student information or data which is disclosed or otherwise comes into Trainer’s possession directly or indirectly as a result of this Agreement and which is of a confidential nature (including for the avoidance of doubt the existence and terms of this Agreement, any information relating to (**MTEC**)’ or any (**MTEC**) Affiliates’ business affairs, operations, products, processes, methodologies, formulae, plans, intentions, projections, know-how, intellectual property rights, trade secrets, market opportunities, suppliers, customers, marketing activities, sales, software, computer and telecommunications systems, costs and prices, wage rates, records, finances and personnel) or, in the case of the Trainer, any information or data which is disclosed to (**MTEC**) and is clearly marked as confidential.

3.3 This Agreement does not apply to Confidential Information which:

- A) Is in the public domain and was publicly available prior to Trainer’s receipt thereof from (**MTEC**);

PRINCIPAL
MOTHER THERESSA
College of Engineering & Technology
PEDDAPALLI-505 174

B) Trainer can show was in its possession prior to disclosure by (MTEC) and which had not previously been obtained from (MTEC) or another person under an obligation of confidentiality to (MTEC);

C) Trainer obtains from a person other than (MTEC), other than in breach by such person of any obligation of confidentiality to (MTEC); or

D) Trainer can demonstrate, is independently developed by Trainer without the benefit of any Confidential Information of (MTEC).

3.4 Trainer acknowledges that breach by it of this Clause and/or Agreement may cause irreparable injury to (MTEC), which will be inadequately compensable in damages. Accordingly (MTEC) is entitled to the remedies of injunction, specific performance and other equitable relief in respect of any actual breach or threatened breach of the terms of this Agreement, in addition to any other legal remedies which may be available, without the actual damages or posting of security or a bond. Trainer further agrees to be responsible for any expenses (including reasonable legal and attorneys' fees) that (MTEC) may incur if it is obliged to enforce this Agreement.

3.5 At any time during the term of this Agreement, Trainer shall, within 7 days from the receipt of a written request from (MTEC), return to (MTEC), or at (MTEC)'s option destroy, all documents and other materials in its possession, custody or control which contain any of (MTEC)'s Confidential Information, and certify to (MTEC) in writing that it has destroyed the Confidential Information. In any event, Trainer shall, within 7 days of the expiration or termination of this Agreement, return to (MTEC), or at (MTEC)'s option destroy all documents and other materials in its possession, custody or control which contain any of (MTEC)'s Confidential Information, and certify to (MTEC) in writing that it has destroyed the Confidential Information.

3.6 The Trainer shall ensure that any of its Staff shall sign the Staff Confidentiality Schedule, an original of which will be delivered by the Trainer to (MTEC) for retention in (MTEC)' files. "Staff" shall mean permanent and contract staff and all contractors and/or consultants engaged by Trainer for rendering the Services.

4. Fees

In consideration for the Training granted by Trainer, (MTEC) shall pay the Trainer the amount set forth in the Appendix -B. Any such fees shall be exclusive of taxes, which may be due on the service provided hereunder.

5. Intellectual Property Rights

5.1 Each party shall retain ownership of their pre-existing intellectual property.

5.2 In the case of any pre-existing Intellectual Property licensed from a third party, the licensee party warrants that it will have obtained any necessary authority, permission or license from the relevant third party in order to grant the above licenses.

5.3 Subject to Clause 5.1, all work product, shall be "work-made for hire" to the extent permissible under applicable law and (MTEC) shall, upon the creation thereof, exclusively own all intellectual property rights therein. (MTEC) grants the Trainer a license to use the work products to the extent necessary for the purpose of performing the Services. The Trainer assigns to (MTEC) by way of future assignment (to the extent not already vested in (MTEC) by operation of law) all copyright and (to the extent capable of assignment under this clause) all other Intellectual Property Rights in or relating to any work products for their full terms throughout the world.

PRINCIPAL
MOTHER THERESSA
College of Engineering & Technology
PEDDAPALLI-505 174

5.4 Trainer acknowledges and agrees it shall indemnify, defend and hold (MTEC), its directors, officers, employees and agents, harmless from and against any and all claims, losses, liabilities, damages, expenses, and costs (including, without limitation, reasonable fees for attorneys, expert witnesses, and court costs) which result from any claim for infringement of any patent, trademark, copyright, trade secret or contractual right or obligation or other industrial, intellectual property, or proprietary right held by any third party. This indemnification shall survive the expiration or termination of this Agreement by either party for any reason.

6. Limitation of Liability

6.1 Neither party excludes or limits its liability to the other for fraud or for death or personal injury resulting from its negligence or any breach of any obligations under this Agreement and / or any other relevant Act/Statute.

6.2 Subject to the express terms of this agreement neither (MTEC) nor the trainer shall be liable to the other in connection with this agreement for exercise of its rights or the performance of its obligations under this agreement for any indirect or consequential loss whether arising from negligence, breach of contract or howsoever caused.

6.3 The preceding Limitation of Liability provisions shall not apply to (i) breach by a Party of Sections regarding Intellectual Property and Ownership, (ii) breach of Confidentiality under clause 3 (iii) for fraud or for death or personal injury resulting from its negligence or any breach of any obligations as provided under Clause 6.1

7. Relationship of Parties

7.1 Trainer shall be an independent contractor. The relationship between (MTEC) and Trainer shall not be construed as an employment relationship, and shall not constitute a partnership, joint venture, or agency of any kind; nor shall the relationship be construed as any type of legal relationship under which the actions or inactions of either party could result in any liability for the other party. Trainer is solely responsible for payment of all taxes that are required to be paid hereunder and, if a real person acknowledges that Trainer and/or its Staff has no right or claim on any employee benefits of (MTEC). Nothing herein shall be deemed to confer upon Trainer any authority, express or implied, to bind (MTEC) or to represent to any third party that Trainer is acting either as a representative of, or in any capacity for, (MTEC).

8. Governing Law and Jurisdiction

Subject to Clause 9 this AGREEMENT shall be governed by and construed in accordance with Indian law and shall be subject to the exclusive jurisdiction of the courts at Hyderabad.

9. Escalation of Disputes

Any dispute arising out of or in connection with this AGREEMENT shall be referred by written notice:

(A) First to the authorized representative of each Party who shall meet and Endeavour to resolve the dispute between them within 5 business days of such notice; and

(B) Failing resolution of the dispute, to a senior representative of the Trainer and a senior representative of (MTEC) (together the "Senior Representatives") who shall meet and Endeavour to resolve the dispute between them within 10 business days of such notice (the "Senior Representatives' Meeting"). The joint written decision of those Senior Representatives shall be binding on the Parties.

(C) If the Senior Representatives of both the Parties are unable to resolve the dispute, the Parties shall, subject to Clause 9

(D) Below, have the right within 5 business days of the Senior Representatives' Meeting to refer the dispute to a sole arbitrator to be mutually appointed by the Parties in accordance with the rules of arbitration of Indian Council of Arbitration (ICA). The Parties agree to hold such arbitration as soon as possible and in any event within one month of the Senior Representative's meeting.

PRINCIPAL
MOTHER THERESSA
College of Engineering & Technology
PEDDAPALLI-505 174

(E) The arbitrator will conduct proceedings under this Clause 9 (d) in accordance with the Guidelines/Rules of Arbitration as issued by ICA from time to time at Hyderabad and subject to the provisions of the Arbitration and Conciliation Act, 1996 and/or any modification or enactment thereto. The proceedings shall be conducted in English and the award made in pursuance thereof shall be binding on the Parties.

10. Miscellaneous

No provision of this Agreement may be altered or waived except in writing signed by the parties. No waiver of any condition or provision shall be deemed a waiver of the right to enforce such provision or related or similar provision in the future. The invalidity of any provision or provisions of this Agreement shall not affect the validity of other provisions which shall remain in full force and effect.

Assignment:

This Agreement shall not be assigned by the (MTEC) without the prior written consent of Trainer, but nothing in this Agreement shall prevent or restrict Trainer from assigning, sub-licensing, transferring or otherwise disposing of all or any of its rights or obligations hereunder to a (MTEC) Affiliate or to any legal entity which succeeds to all or part of the business or assets of (MTEC). Any attempted assignment in contravention of this Clause shall be null and void.

This Agreement shall be binding upon any successors in interest or title of the Parties.

Notices and Communications:

In proving service of a notice or document under this Agreement it shall be sufficient to prove that an envelope containing the notice or document was properly addressed and delivered by courier or posted as a prepaid, first class or airmail, recorded delivery letter:

To the Trainer at:

NEWZEN INFOTECH,

2nd Floor, Green Square Plaza,

Opp: Geethabavan, Karimnagar, Telangana, India.

Marked for the attention of **KISHORE KUMAR.G** – Managing Partner

To the (MTEC) at:

MOTHER THERESSA COLLEGE OF ENGINEERING AND TECHNOLOGY,

Peddapalli, Peddapalli (District), Telangana 505 174

Marked for the attention of Chairman /Secretary /Principal/HOD, Incharge of Training or at any other address or to any other fax number or addressee as it may have notified to the other party in accordance with this Clause.

Unless there is evidence that it was received earlier, such notice or document shall be deemed to have been served:

- If delivered by courier, when left at the address referred to above;
- If sent by post to an address within the country of postage, two Business Days (in the city of the recipient) after posting it; or
- If sent by post to an address outside the country of postage, five Business Days (in the city of the recipient) after posting it.

MEMORANDUM OF UNDERSTANDING

BETWEEN

MOTHER TERESSA COLLEGE OF ENGINEERIG & TECHNOLOGY, PEDDAPALLI

AND

TRINITY COLLEGE OF ENGINEERING AND TECHNOLOGY, PEDDAPALLI

This **Memorandum of Understanding** is intended to promote inter college cooperation between the **MOTHER TERESSA COLLEGE OF ENGINEERIG & TECHNOLOGY, PEDDAPALLI** and **TRINITY COLLEGE OF ENGINEERING AND TECHNOLOGY, PEDDAPALLI** recognizing the benefits to their respective colleges from the establishment of institutional links, hereby agree to enter into this agreement for the following purpose.

1. PURPOSE OF AGREEMENT

The purpose of this agreement is to develop academic and educational cooperation, establish a collaborative program in Engineering and Management areas between the two institutions and to cooperate in their mutual interest for a range of higher educational activities.

2. AREAS OF COOPERATION

Subject to the availability of funds, resources and approval of the authorized representatives or Heads of the Department of **MOTHER TERESSA COLLEGE OF ENGINEERIG & TECHNOLOGY, PEDDAPALLI** and **TRINITY COLLEGE OF ENGINEERING AND TECHNOLOGY, PEDDAPALLI** both institutions agree to develop the following collaborative activities:

- a. Conducting joint research and development project
- b. Cooperation in individual projects
- c. Organization of lectures, symposia, international meetings, conferences and workshops
- d. Exchange of information, teaching materials, technological and scientific publications
- e. Providing opportunities for professors to give lectures
- f. Search for opportunities to collaborate in the future
- g. To share Laboratory facilities

PRINCIPAL
MOTHER TERESSA
College of Engineering & Technology
PEDDAPALLI-505 174

3. **IMPLEMENTATION**

- 3.1 All programs or activities implemented under the terms of this Memorandum of Understanding shall be mutually agreed upon in writing, including the necessary budget for the program of activity as the need may arise.
- 3.2 Each of the participating institutions shall be fully responsible financially for the activities carried out under its direction or by its staff, except as otherwise agreed by the parties.
- 3.3 The parties will designate one officer each who will develop and coordinate specific programs or activities between them.

4. **INTELLECTUAL PROPERTY**

Intellectual property rights of work carried out at each partner institution shall normally vest with respective institution.

5. **DURATION AND RENEWAL OF AGREEMENT**

This Memorandum of Understanding will become effective immediately after signature by the representatives of both colleges for a period of **FIVE (5) Year** and is subject to revision or modification by mutual agreement.

6. **AMENDMENTS**

- 6.1 This Memorandum of Understanding may be amended by a written agreement signed by the representatives of both colleges.
- 6.2 In the event of any unforeseen incident during collaborative activities, both colleges agree to negotiate a mutually acceptable solution.
- 6.3 Should any disagreement arise out of the application, interpretation or implementation of this Agreement, the colleges shall endeavor to exercise best efforts to negotiate their differences.

7. **TERMINATION OF AGREEMENT**

This agreement may, at any time during its period of validity, be terminated by either party upon prior notice to the other in writing not later than **ONE(1) month** before termination date, provided that such termination shall not affect the completion of any program or activity underway at the time the notice of termination is given.

This memorandum of understanding (hereinafter called as the 'MOU') is entered into on this the 3rd day of January, 2018 (date in numerals), by and between **Mother Teresa College of Engineering and Technology (MTCET) and EPTECH Fluid for Industrial Needs: Elevating Placement Opportunities for Engineering Graduates**

In a landmark collaboration that underscores the intersection of academia and industry, Mother Teresa College of Engineering and Technology (MTCET) and EPTECH Fluid for Industrial Needs have formalized a Memorandum of Understanding (MoU). This strategic partnership is geared towards enhancing placement opportunities for engineering graduates, aligning academic prowess with the industrial demands of EPTECH Fluid.

1. Objectives of the MoU:

The overarching objective of this MoU is to establish a symbiotic relationship between MTCET and EPTECH Fluid, fostering a collaborative environment that benefits both institutions. MTCET, known for its commitment to producing skilled engineering professionals, seeks to fortify its curriculum with insights from EPTECH Fluid's industry experience. EPTECH Fluid, a leader in industrial fluid solutions, aims to tap into the talent pool nurtured by MTCET, recognizing the value of recruiting individuals with a strong foundation in engineering.

2. Placement Facilitation:

A cornerstone of this MoU is the joint commitment to facilitating placements for MTCET engineering graduates within EPTECH Fluid. The agreement outlines a collaborative approach to the placement process, encompassing on-campus recruitment drives, interviews, and placement talks. EPTECH Fluid's active participation in these activities ensures that students are presented with opportunities to showcase their skills and secure positions within the industrial fluid solutions domain.

Moreover, the MoU establishes a framework for industry-specific mock interviews, resume-building workshops, and skill development programs. These initiatives are tailored to equip students with the knowledge and expertise required for roles within EPTECH Fluid and similar industrial sectors.

PRINCIPAL
MOTHER THERESSA
College of Engineering & Technology
PEDDAPALLI-505 174

3. Skill Enhancement Programs:

Recognizing the specialized nature of industrial fluid solutions, the MoU includes provisions for skill enhancement programs. EPTECH Fluid will collaborate with MTCET to identify and address specific skill gaps among students, ensuring that graduates are well-prepared for careers in the fluid solutions industry. Workshops, seminars, and training sessions will focus on both technical competencies and practical skills, aligning students with the nuanced requirements of the field.

This collaborative approach to skill development ensures that MTCET graduates are not only academically sound but also possess the practical know-how needed to excel in industrial settings.

4. Internship Opportunities:

The MoU formalizes EPTECH Fluid's commitment to providing internship opportunities for MTCET students. These internships are designed to offer students hands-on experience in industrial fluid solutions, allowing them to apply theoretical knowledge to real-world challenges. Interns will work closely with EPTECH Fluid professionals, gaining exposure to the intricacies of the industry and contributing to ongoing projects.

The internship program is structured to provide a comprehensive view of the fluid solutions domain, covering areas such as system design, maintenance, and optimization. EPTECH Fluid is dedicated to providing mentorship during internships, ensuring that students not only gain practical experience but also develop a deep understanding of the industrial context.

5. Collaborative Research Initiatives:

The MoU encourages collaborative research initiatives between MTCET faculty and EPTECH Fluid experts. This mutually beneficial engagement allows for the exchange of knowledge, fostering innovation and addressing industry challenges. Research projects may focus on advancements in fluid technology, sustainability practices, and optimization strategies, contributing to the academic and industrial knowledge base.

6. Industry-Academia Interaction:

To foster continuous learning and knowledge exchange, the MoU outlines plans for regular industry-academia interaction. This involves organizing guest lectures, seminars, and workshops

PRINCIPAL
MOTHER THERESSA
College of Engineering & Technology
PEDDAPALLI-505 174

conducted by EPTECH Fluid professionals. These interactions provide students with insights into the latest developments in industrial fluid solutions, exposing them to real-world applications and challenges.

Additionally, the MoU facilitates industrial visits, enabling students to observe the operational aspects of fluid solutions in industrial settings. Such experiences deepen students' understanding of industry practices and contribute to their overall professional development.

7. Periodic Review and Adaptability:

Recognizing the dynamic nature of both academia and industry, the MoU incorporates provisions for periodic reviews and adaptability. This ensures that the collaboration remains relevant and effective in addressing evolving industry needs and technological advancements.

Conclusion:

The MoU between MTCET and EPTECH Fluid for Industrial Needs signifies a strategic effort to align engineering education with the specialized requirements of the industrial fluid solutions sector. By combining academic rigor with industry insights, this collaboration aims to produce graduates who are not only technically proficient but also well-prepared for impactful roles in industrial settings. Through placements, skill development, internships, and collaborative research initiatives, the partnership creates a framework for a mutually beneficial relationship, benefiting students, institutions, and the industrial fluid solutions domain.

MEMORANDUM OF UNDERSTANDING

This memorandum of understanding (hereinafter called as the 'MOU') is entered into on this the 3rd day of January, 2018 (date in numerals), by and between

MOTHER THERESSA COLLEGE OF ENGINEERING AND TECHNOLOGY, Peddapalli, Peddapalli (District), Telangana 505 174., the first party represented herein by its name of competent authority / representative (hereinafter referred as '**first party**', the institution which expression, unless excluded by or repugnant to the subject or context shall include its successors – in-office, administrators and assigns).

AND

SP GLOBAL SOLUTION, Nandanavanam Complex, 3rd Floor, Bus Stop Back Side Opp: Umesh Chandra Statue Metro Pillar:1020, Sanjeeva Reddy Nagar, Hyderabad -500 038, the second party, and represented herein by its zonal / divisional head, name of competent authority / representative, (hereinafter referred to as "**second party**", company which expression, unless excluded by or repugnant to the subject or context shall include its successors – in-office, administrators and assigns).

(First party and second party are hereinafter jointly referred to as 'parties' and individually as 'party') as

WHEREAS:

1. First party is a higher educational institution named:

MOTHER THERESSA COLLEGE OF ENGINEERING AND TECHNOLOGY

2. First party & second party believe that collaboration and co-operation between themselves will promote more effective use of each of their resources, and provide each of them with enhanced opportunities.
3. The parties intent to cooperate and focus their efforts on cooperation within area of skill based corporate training, education and research.
4. Both parties, being legal entities in themselves desire to sign this MOU for advancing their mutual interests.
5. **SP GLOBAL SOLUTION**, the second party is engaged in business, manufacturing, skill development, Internships, education and R&D Services in the fields of Corporate Training Services under the industry concerned - - and related fields
6. **SP GLOBAL SOLUTION** the second party is promoted by promoter of corporate training; address and background of the company.

7. Give related information, its branches, and dimensional information about the industry concerned with whom the MOU is sworn.

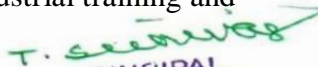

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MOU, THE PARTIES HERE TO AGREE AS FOLLOWS:

**CLAUSE 1
CO-OPERATION**

- 1.1 Both parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations within the institution and its related wings. The parties shall keep each other informed of potential opportunities and shall share all information that may be relevant to secure additional opportunities for one another.
- 1.2 First party and second party co-operation will facilitate effective utilization of the intellectual capabilities of the faculty of first party providing significant inputs to them in developing suitable teaching / training systems, keeping in mind the needs of the industry, the second party.
- 1.3 The general terms of co-operation shall be governed by this MOU. The parties shall cooperate with each other and shall, as promptly as is reasonably practical, enter into all relevant agreements, deeds and documents (the 'definitive documents') as may be required to give effect to the actions contemplated in terms of this MOU. The term of definitive documents shall be mutually decided between the parties. Along with the definitive documents, this MOU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the parties on the subject matter hereof.

**CLAUSE 2
SCOPE OF THE MOU**

- 2.1 The budding graduates from the institutions could play a key role in technological up-gradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.
- 2.2 **Curriculum Design:** second party will give valuable inputs to the first party in teaching / training methodology and suitably customize the curriculum so that the students fit into the industrial scenario meaningfully.
- 2.3 **Industrial Training & Visits:** industry and institution interaction will give an insight in to the latest developments / requirements of the industries; the second party to permit the faculty and students of the first party to visit its group companies and also involve in industrial training programs for the first party. The industrial training and

PRINCIPAL

College of Engineering & Technology
PEDDAPALLI-505 174

exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition from academic to working career. The second party will provide its labs / workshops / industrial sites for the hands-on training of the learners enrolled with the first party.

- 2.4 **Research and Development:** both parties have agreed to carry out the joint research activities in the fields of corporate training activities and services.
- 2.5 **Skill Development Programs:** second party to train the students of first party on the emerging technologies in order to bridge the skill gap and make them industry ready.
- 2.6 **Guest Lectures:** second party to extend the necessary support to deliver guest lectures to the students of the first party on the technology trends and in/out house requirements.
- 2.7 Both parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required for offering the programmes on the terms specified herein
- 2.8 There is no financial commitment on the part of the **MOTHER THERESSA COLLEGE OF ENGINEERING AND TECHNOLOGY**, the first party to take up any programme mentioned in the MOU. If there is any financial consideration, it will be dealt separately.

CLAUSE 3 INTELLECTUAL PROPERTY

3.1 Nothing contained in this MOU shall, by express grant, implication, estoppel or otherwise, create in either party any right, title, interest, or license in or to the intellectual property (including but not limited to know-how, inventions, patents, copy rights and designs) of the other party.

CLAUSE 4 VALIDITY

- 4.1 This agreement will be valid for 5 years or until it is expressly terminated by either party on mutually agreed terms, during which period name of industry, the second party, as the case may be, will take effective steps for implementation of this MOU. Any act on the part of training partner or name of industry, the second party after termination of this agreement by way of communication, correspondence etc., shall not be construed as an extension of this MOU.
- 4.2 Both parties may terminate this MOU upon 45 calendar days' notice in writing. In the event of termination, both parties have to discharge their obligations.

**CLAUSE 5
RELATIONSHIP BETWEEN THE PARTIES**

5.1 It is expressly agreed that first party and second party are acting under this MOU as independent contractors, and the relationship established under this MOU shall not be construed as a partnership. Neither party is authorized to use the other party's name in any way, to make any representations or create any obligation or liability, expressed or implied, on behalf of the other party, without the prior written consent of the other party. Neither party shall have, nor represent itself as having, any authority under the terms of this MOU to make agreements of any kind in the name of or binding upon the other party, to pledge the other party's credit, or to extend credit on behalf of the other party.

First Party

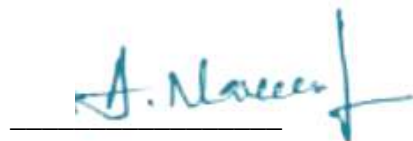

Second Party

Any divergence or difference derived from the interpretation or application of the MOU shall be resolved by arbitration between the parties as per the arbitration act, 1996. The place of the arbitration shall be at district head quarters of the first party. This undertaking is to be construed in accordance with indian law with exclusive jurisdiction in the courts of name of city.

Memorandum of Understanding **(MOU)**

This MOU is Made and Executed from the Day of **4th December 2017** and valid till **4th December 2022** **PALLE TECHNOLOGIES**, a Registered Company, in Karnataka under The Companies Act 1956, having its registered office at #15/6,3rd Floor, Manish Complex, Mangammanapalya Main Road, HSR Layout Bangalore-560068. Karnataka INDIA here in after referred to as the “Party1”

And

Mother Theresa college of Engineering & Technology is Educational institution, inTelangana, India, affiliated to JNTUH. The college is located in P.P.Colony (PO) Peddabonkuru (Vill), Peddapalli Dist-505174, Telangana. “Party2”.

Palle Technologies Bangalore and Mother Theresa college of Engineering & Technology shall be hereinafter being collectively referred to as “Parties” and individually as “Party1 OR Party2”.

WHEREAS:

Mother Theresa college of Engineering & Technology is specialized in providing value-added, holistic engineering education to students at affordable costs, in conducive academic ambience, leading to Personality development and Intellectual Growth

PALLE TECHNOLOGIES is a company based at Bangalore providing Information Technology Solutions, Software Development, Product Development, and Corporate Training to Clients in varied industry sector, and Hands-on Technology Training, on cutting edge technologies to prepare students knowledge capability as per IT industry expectations.

Introducing Palle Technologies and Corporate Social Responsibility Program

Palle Technologies is engaged with Large Corporate and Mid-segment companies offering highquality Software Development, Corporate Trainingand Services, since 2010.

With our quality Software development and Training Services, we have emerged as a leader inSoftware Development and Training services having astrong workforce of 350+ technocrats deployed on multiple client projects on various domains.

We play a role of Strategic partners with our clients supporting them in theirendeavor to success

PRINCIPAL
MOTHER THERESSA
College of Engineering & Technology

Corporate Social Responsibility Program

Palle Technologies is pleased to propose a free Training and Placement program for students of your Esteemed Institution.

Under this Program interested students will be first evaluated and selected for the program.

PRINCIPAL
MOTHER THERESA
College of Engineering & Technology
PEDDAPALLI-505 174

Eligibility criteria for students to participate in the Training and Placement Program (under CSR).

Education: CSE/IT/IS/EEE/ECE/MCA

(They get selected in the program on their upcoming semester)

Mode of interview: Online

Round 1: Online aptitude test

Round 2: Logical round (F2F)

Round 3: HR round

(telephonic)

Date of interview: we will update you in the due course of training and placement program through mail and Selected students will be on-boarded for our free Training and Placement and Placement Program.

Post selection process

- ✓ Student will be given letter of intent on selection.
- ✓ Student will undergo 3.5 to 4 months of rigorous aptitude & technology training.
- ✓ Selected student can select either java full stack or python full stack or Testing courses
- ✓ Student will undergo daily 1 to 2 hours of online live interactive sessions conducted by highly experienced (above 12+ yrs industry experience) mentors who will guide the students in various aspects of coding, technical and aptitude areas to achieve success in the interview process of MNC companies.
- ✓ Training is conducted using zoom application, live sessions
- ✓ Student is expected to have 100% attendance for training, assignments, and mock interviews to get eligibility for free placements.
- ✓ Student who have less than 80% of attendance will be dropped from the program.
- ✓ CTC will range from 3 LPA to 8 LPA.
- ✓ Students will be eligible for unlimited interview schedules until they get placed in 1st company for the duration of 9 months from the day one of Training.
- ✓ Once the student gets placed he will not get further interview.
- ✓ There will be no fee charged from students, for training and placement either before or after the program, as program is under CSR.

✓Program is valid for the duration of 9 months from date of Joining.

Role: Software Engineer

Clients: Palle Technologies is tied up with more than 5900+ clients @Bangalore and PAN India. some of the featured clients are Tech Mahindra,Honeywell, Accenture, Wipro, Cognizant Technologies (CTS), Infosys etc.

We also offer gamut of Services to our Clients like

1. Software Development, Business Process Re-Engineering, Outsourced Product Development,Strategic Partnership using cutting edge technologies and tools.
2. Currently providing IT business Solutions for large US and UK clients in theindustry domainof Finance and Banking, Health Care etc.
3. Palle Technologies will assure Minimum selections of 10 students for 100 participants

NOW THEREFORE THESE PRESENTS WITNESSES AND THE PARTIES HEREBY AGREE ASFOLLOWS:

1. The scope of this MOU is to provide a framework of reference to build a strong and on- going relationship between **Mother Theresa college of Engineering & Technology** and **PALLE TECHNOLOGIES** collaborate on areas of mutual interest and benefit.
2. **Mother Theresa college of Engineering & Technology and PALLE TECHNOLOGIES – To Facilitate and Conduct Technology Training andPlacement under Palle Technologies CSR Program.**

Agreement Validity:

3. This MOU shall come in to effect from date of execution of agreement and shall remain in effect for a period of 5 Years that is from **4th December 2017** to **4th December 2022**. After this period MOU can be further extended on mutual agreement.

MEMORANDUM OF UNDERSTANDING

In a significant stride towards fostering collaborative ties between academia and industry, Mother Teresa College of Engineering and Technology (MTCET) and Sunsolv Technologies have entered into a Memorandum of Understanding (MoU). This strategic partnership is designed to enrich the educational experience of MTCET students by providing enhanced training, internship, and placement opportunities, aligning academic learning with real-world industry demands.

MOU Signed at **Mother Theresa College Of Engineering And Technology**, on 4th June 2018 for the period of Five years.

Objectives of the MoU:

The primary objective of this MoU is to create a symbiotic relationship where both institutions mutually benefit from each other's expertise. MTCET, known for its commitment to academic excellence, aims to enhance its students' practical skills and employability by leveraging Sunsolv Technologies' industry insights. Sunsolv Technologies, a forward-thinking technology company, seeks to tap into the pool of talent nurtured by MTCET and contribute to shaping future industry leaders.

Training Initiatives :

Under the MoU, Sunsolv Technologies will collaborate with MTCET to design and conduct specialized training programs. These programs will be tailored to bridge the gap between academic curriculum and industry requirements. This training will cover cutting-edge technologies, industry best practices, and soft skills essential for professional success. The goal is to equip students with a well-rounded skill set that meets the dynamic needs of the technology sector.

Internship Opportunities:

The agreement outlines a framework for Sunsolv Technologies to provide internship opportunities to MTCET students. These internships will offer a hands-on learning experience, allowing students to apply theoretical knowledge to real-world projects. The practical exposure gained during internships is crucial for students' holistic development, enhancing their problem-solving abilities and preparing them for the challenges of the professional world.

T. Srinivas
PRINCIPAL
MOTHER THERESSA
College of Engineering & Technology
PEDDAPALLI-505 174

Sunsolv Technologies commits to providing a supportive environment during internships, ensuring that students receive mentorship and guidance from experienced professionals. This mentorship aspect aims to nurture a collaborative spirit, encouraging knowledge exchange between seasoned industry experts and aspiring young minds.

Placement Drives:

A pivotal aspect of the MoU is the collaborative effort in organizing placement drives. Sunsolv Technologies will actively participate in MTCET's placement activities, conducting recruitment drives, on-campus interviews, and placement talks. This engagement aims to facilitate a seamless transition for MTCET graduates into the workforce, connecting them with employment opportunities that align with their skills and career goals.

The MoU recognizes the importance of creating a conducive platform for interaction between students and industry professionals. To achieve this, joint events such as seminars, workshops, and industry visits will be organized. These initiatives aim to expose students to the corporate environment, providing insights into industry trends, challenges, and expectations.

Periodic Review and Adaptability:

Acknowledging the dynamic nature of both academia and industry, the MoU includes provisions for periodic reviews and updates. This ensures that the collaboration remains relevant and effective in addressing evolving industry needs and technological advancements. The adaptability of the MoU reflects the commitment of both institutions to continuous improvement and innovation.

Conclusion:

The MoU between MTCET and Sunsolv Technologies symbolizes a proactive approach towards preparing students for successful careers in the technology sector. By blending academic rigor with practical industry exposure, this collaboration aims to produce well-rounded professionals who can thrive in the rapidly evolving technological landscape. Through training, internships, and placements, the MoU creates a framework for sustained collaboration, benefiting students, academia, and industry alike. The partnership sets the stage for a transformative educational experience, shaping the future workforce and contributing to the growth and innovation in the technology sector.

COLLEGE, and INDUSTRY hereby acknowledge, COLLEGE and INDUSTRY hereby agrees to sign a memorandum of understanding (MOU) on this the **01 st day of JULY, 2016** (For 5 years) at place Hanamkonda.

ARTICLE-I: SCOPE OF THE MOU

This MoU details the modalities and general conditions regarding collaboration between COLLEGE and INDUSTRY for enhancing, within the country, the availability of highly qualified manpower in the areas of Electrical, Electronics, Robotics, Artificial Intelligence and related fields.

Without any prejudice to prevailing rules and regulations in COLLEGE and INDUSTRY without any disregard to any mechanism evolved and approved by the competent authorities under Govt. of India in so far as such mechanism applies to COLLEGE and INDUSTRY. The areas of cooperation can be extended through mutual consent.

ARTICLE-II: SCOPE AND TERMS OF INTERACTIONS

Both COLLEGE and INDUSTRY shall encourage interactions between the Engineers, faculty members and students of both the organizations through the following arrangements:

- a) Exchange of personnel through deputation as per the rules of the respective institute, for limited periods as mutually agreed upon;
- b) Organization of joint conferences, Workshops and seminars.
- c) Practical training of COLLEGE students at INDUSTRY;
- d) Joint guidance of student projects/thesis is on Electrical, Electronics, Computers, Robotics, Artificial Intelligence and related fields and other areas of national interest at COLLEGE by INDUSTRY on mutually agreeable terms.

ARTICLE-III : SHARING OF FACILITIES

- a) COLLEGE and INDUSTRY shall make provisions to share their respective important technical R&D facilities in order to promote academic and research interaction in the areas of cooperation.
- b) COLLEGE and INDUSTRY shall permit the sharing software and other materials and components developed in-house in the areas of cooperation, if permissible within the rules governing the two institutions. However, responsibility

PRINCIPAL
MOTHER THERESSA
College of Engineering & Technology

for safety of software and other materials during the exchange will rest on respective Head of academic department/section.

ARTICLE-IV: CO-ORDINATION OF THE PROGRAMME INCLUDING FINANCIAL ARRANGEMENTS

- a) The collaborative programme between COLLEGE and INDUSTRY shall be coordinated by a coordination committee appointed by Directors of both the Institutes.
- b) Financial arrangements for each specific collaboration will be decided on a case to case basis and brought on record in each case after due approval from heads of both the Institutions.

ARTICLE-V : EFFECTIVE DATE AND DURATION OF MOU

- a) This MoU shall be effective from the date of its approval by competent authorities at both ends.
- b) The duration of the MoU shall be for a period of 5 years from the effective date.
- c) During its tenancy, the MoU may be extended or terminated by a prior notice of not less than six months by either party. However, termination of the MoU will not in any manner affect the interests of the students/faculty/scientists who have been admitted to pursue a programme under the MoU.
- d) Any clause or article of the MoU may be modified or amended by mutual agreement of INDUSTRY and COLLEGE.

ARTICLE-VI : IPR

Rights regarding publications, patents, royalty, ownership of software/design/product developed etc. under the scope of this MoU, shall be decided by the two parties by mutual consent.

ARTICLE-VII: CONFIDENTIALITY

During the tenure of the MoU both COLLEGE and INDUSTRY will maintain strict confidentiality and prevent disclosure of all the information and data exchanged under the scope of this MoU for any purpose other than in accordance with this MoU. Both COLLEGE and INDUSTRY shall bind their respective personnel who come into possession or knowledge of any confidential information not to disclose the same to third parties without written approval of the disclosing party or use such confidential information for any use other than intended under this agreement or PROJECTS. Further both COLLEGE and INDUSTRY shall put in place adequate and reasonable measures to keep and store confidential information secure so as to prevent any unauthorized use.
